Decree of Gestapo Chief Himmler Calls for Defense Of Every German Town and Home Echoes Hollowly Through the Reich

BIRTHPLACE OF NAZI REPUBLIC SURRENDERS

BULLETINS
Field Marshal Montgomery's Headquarters, April 12.—(P)—Allied troops today captured Celle, German army gas training center, 20 miles northeast of Hannover, and thrust beyond the city toward the Elbe river, less than 50 miles away.

Paris, April 12.—(P)—A report attributed to French sources and without immediate confirmation said tonight that Allied parachute troops had been dropped at Brandenburg, barely 20 miles west of Berlin.

By WILLIAM L. RYAN
Associated Press War Editor

Lt. Gen. William H. Simpson's Ninth Army crossed the Elbe river today, a scant 57 miles from Berlin and 115 from Russian lines, and began the push toward the devastated capital and the eventual link-up with the Red Army, now poised for the final march from the east.

The bridgehead was established by the mighty Second Armored Division at an undisclosed point in the Magdeburg area.

To the south the U. S. Third Army was on the loose again. Two tank divisions burst ahead as much as 46 miles in 24 hours.

A decree by Gestapo Chief Heinrich Himmler calling for defense of every German town and every German home echoed hollowly through the Reich, as Prime Minister Churchill reaffirmed the policy of unconditional surrender, which he said did not exclude piecemeal surrender of Nazi units.

A front dispatch said that the Ninth Army's Second Armored, if ordered to attack Berlin, could be at the Brandenburg gate by tomorrow night or Saturday morning, unless the Germans shifted troops from the east.

Now far behind the advance, Brunswick was being mopped up. Weimar, 1919 birthplace of the German republic, surrendered today by bicycle courier to the Third Army's 80th division. Other Third Army units have captured Neustadt, and were 43 miles from Czechoslovakia. Rolling up behind the armor, infantry was 40 miles from Leipzig and 95 from Dresden.

A news blackout was partially lifted to disclose that Patton's Fourth Armored (breakthrough) division had advanced ahead 25 miles on the approaches to Czechoslovakia, and that the Sixth Armored had shot 46 miles forward toward Leipzig. A U. S. First Army spearhead was said in an unconfirmed report to be 15 miles from Leipzig in the dash to bisect Germany and link up with the Russians.

The Third Army, which captured Neustadt, 43 miles from Czechoslovakia, was on the outskirts of Weimar, birthplace of the short-lived German republic. Infantry, following up swiftly, was only 4 miles from Leipzig and 95 from Dresden.

The First and Third armies were operating under a security blackout. The reported First Army tank thrust close to Leipzig would place the spearhead within 100 miles or less from a juncture with the Russians.

The British, by German account, opened an all-out assault on the U-boat base of Bremen today. The Germans said the thrust was thrown back.

Behind the advances, Essen, in the Ruhr; Nordhausen, and Coburg have fallen. Fighting continued in Brunswick, Dortmund, Bochum, Erfurt, and other cities.

The U. S. Seventh Army captured Schweinfurt, blackened ball-bearing city, the butt of many costly Allied raids, and continued its mop-up drive.

Opposite Magdeburg on the Elbe the Ninth was 115 miles from Russian lines.

Insane and Leper Patients Freed By Japs On Okinawa

By JAMES LINDSLEY
Okinawa, Ryukyu Islands, April 11.—(Delayed)—(P)—Retreating Japanese threw open the gates of hospitals for the insane and lepers, permitting thousands of crazy and diseased inmates to roam through the Okinawa hills, Maj. Charles G. Sweet of the American military government said today.

Sweet, whose home is in Washington, Pa., said more than 1,400 insane people and an undetermined number of lepers were turned loose as the Japanese fled northward.

Military patrols are doing their best to round up the lunatics, but language difficulties make it hard for them to tell whether natives

are sane or crazy, except in the violent or advanced cases of insanity. Many of those released are violent, said 2nd Lt. Ben Price, Birmingham, Ala., a public relations officer.

The Japanese destroyed the records of the leprosy, making it impossible to tell how many were released and difficult to continue treatment of those recaptured. A few lepers, mostly aged women, have been recognized by relatives and segregated.

Major Sweet said that without exception every insane person and leper captured has been suffering badly from malnutrition, indicating lack of care by the Japanese.

London Skeptic Over Rumors About Hitler

London, April 12.—(P)—British morning papers greeted with frank skepticism today published reports that Adolf Hitler is seriously ill and has yielded his place to Heinrich Himmler.

The diplomatic correspondent of the Daily Mail recalled that Dr. Paul Joseph Goebbels is "still a good propagandist" and warned that "such stories must be treated with reserve."

"There have been indications that Hitler wasn't a do-or-die Nazi, that in certain circumstances he might try to negotiate peace," the Mail correspondent added. "If that is one of his tricks at the moment he is not likely to obtain a hearing from the Allies."

The Daily Herald's diplomatic correspondent, writing under the heading "Beware of Hitler Yarns," took a similar attitude toward the reports.

Grim Fighting Still Rages For Okinawa

By LEIF ERIKSSON
Guam, April 12.—(P)—Southern Okinawa's grim, no-quarter artillery battle went into its eighth day today as the Navy announced American casualties of 2,695 for the first nine days of the campaign.

The Yanks were killing 11 Japanese for every American killed.

Japanese in the bitterly-contested southern sector hurled four determined and well-prepared counter-attacks against Maj. Gen. John R. Hodge's 24th Corps Doughboys yesterday after firing 4,000 rounds of mortar and artillery fire.

The Japanese were calling for supporting mortar fire, even though some of it was falling into their own lines.

Fleet Adm. Chester W. Nimitz again reported "no substantial changes in the lines in the southern sector."

Maj. Gen. Roy S. Geiger's Marines in the north ran into organized resistance for the first time as they pressed toward the end of the tip of the Motobu peninsula.

Other Marines advanced into the mainland of northern Okinawa against only slight opposition.

Carrier and land-based planes as well as naval guns gave close support to the ground operations.

Fighters wrecked 14 Japanese amphibious tanks and 15 camouflaged boats along the southern shore. A shore battery was silenced.

Admiral Nimitz announced the 2,695 American casualties included 432 dead, 2,031 wounded and 160 missing. This count was up to midnight on Monday.

The last report of Japanese dead showed 3,009 by midnight Sunday, but much heavy fighting has been under way since then. The ratio of better than 11 to 1 still is considerably under that of Iwo Jima and Saipan. The ratio at Iwo Jima was around 20 to 1.

Soviets Sign Pact With Yugoslavia

By EDDIE GILMORE
Moscow, April 12.—(P)—The Soviet Union and Yugoslavia concluded a 20-year friendship and mutual assistance agreement today and early ratification was expected at formal ceremonies in Belgrade.

The signers were Premier Marshal Tito for Yugoslavia and Foreign Commissar Vyacheslav Molotov for Russia.

House refusal to accept senate changes in the administration measure threw it into a joint conference committee of the two branches for settlement of differences.

Sponsor Charles H. Brunner (R-Montgomery) insisted in asking non-concurrence that he was not attacking any amendments but felt the legislation should be checked carefully before going to Governor Martin.

Pollution Bill Is Back In Committee

Harrisburg, April 12.—(P)—Restrictions on industrial waste discharges into streams may be tightened up before enactment of the Brunner anti-pollution bill, it was indicated today.

House refusal to accept senate changes in the administration measure threw it into a joint conference committee of the two branches for settlement of differences.

Sponsor Charles H. Brunner (R-Montgomery) insisted in asking non-concurrence that he was not attacking any amendments but felt the legislation should be checked carefully before going to Governor Martin.

LABOR BOARD CONFERS ON MINERS' PACT

New Working Agreement Referred to Government Stabilization Agencies For Approval

HIGHER PRICES LOOM

Washington, April 12.—(P)—Moving swiftly toward consideration of the new bituminous coal wage contract agreement, the War Labor Board today summoned operators and miner representatives to an explanatory conference late this afternoon.

The new working agreement reached last night has been referred to government stabilization agencies for approval or rejection of its higher wages, higher coal price terms.

Today also was the deadline for resumption of operations at 235 mines shut down by work stoppages and seized by the government earlier this week. But early reports from the soft coal fields indicated many of the miners were not heeding the government's order to return to work.

In Pennsylvania, where the work stoppage has been most acute, the Solid Fuels Administration reported 28 mines normally employing 11,134 men still were idle and an estimated 3,400 miners still had not reported for work at pits in operation. This compared with 50 mines and 20,684 men idle yesterday.

Local unions in Pennsylvania were holding meetings today on the back to work question. John Dresch, UMW international representative said he did not expect all mines would resume on the first day of government operation.

The WLB said both operators and miner representatives had agreed to be on hand at 3 p. m. for a board executive session "to explain their agreement in order to help the board consider the case." The meeting would be "informal," the board said.

Ezra Van Horn, chairman of the joint wage conference, said he would attend and presumably John (Turn to Page Eleven)

Spain Breaks Off Relations With Tokyo

Madrid, April 12.—(P)—Spain has broken relations with Japan in protest against the bayonetting of Spanish Nationals in the Philippines by Japanese soldiers.

A government communique, issued last night at the conclusion of a cabinet meeting presided over by Generalissimo Francisco Franco declared:

"Direct information of Spanish origin and officially confirmed leaves no doubt concerning the attack on Feb. 12 by Japanese troops on the Spanish consulate at Manila, followed by the assassination of consular functionaries and other Spaniards there, and the wilful burning of buildings, in addition to many other assassinations and deliberate destruction of the property of Spanish citizens."

"As a result of these exceptionally grave facts, the Spanish government, esteeming them incompatible with the maintenance of friendly normalcy between the two countries, has resolved to break diplomatic relations with the government of Japan, while maintaining a demand for indemnity sent Japan for the loss of life and damage caused to Spanish citizens."

In the Manila consulate incident, 250 men, women and children were bayoneted to death. The list included many members of prominent Spanish families.

Fort's Blast Koriyama On Honshu Island

By MURLIN SPENCER
Guam, April 12.—(P)—Tokyo and industrial Koriyama on Honshu island were plastered with bombs by American Superfortresses today roaring out on a 3,800 mile roundtrip mission from the Marianas.

The Nakajima Musashino aircraft engine plant was a Tokyo target.

Turning pilots who made the 3,800 mile roundtrip flight, the longest central Pacific bombing mission to date, termed their attack "very successful." The B-29s were escorted by two Jima based fighterplanes.

Koriyama targets were not identified except as "industrial" in the city situated 110 miles north of Tokyo.

Part of the Superforts hit a second industrial target at Koriyama in the first raid on that city.

Bombing was done visually from 8,000 feet with the aid of unusually good weather, and while Japanese fighters were encountered, B-29 crewmen said they were "on the timid side." There was no report of Superfort losses.

Tokyo radio said a fleet of "approximately 150" Superfortresses escorted by a "sizeable" force of fighter planes concentrated an attack on Tokyo's west section, while "some 50" B-29s bombed Fukushima, prefecture north of the Japanese capital.

DEMOCRAT CHAIRMAN PITTSBURGH SPEAKER

Pittsburgh, April 12.—(P)—Robert H. Hannegan, national chairman of the Democratic party, declared last night that "there will be no talk of a job well done or half done, or done at all, until every one of the pledges in the Democratic platform of 1944 is made good to the people of America."

Addressing a Jefferson Day dinner, Hannegan urged members of his party to "unite the American people" behind President Roosevelt's policies "to bring our country and the world triumphantly through the crisis that is still ahead of us."

Enemy Collapsing as Two Armies Drive on Berlin

The U. S. Ninth Army gained momentum in what appeared to be a photo-finish with the U. S. First Army in the drive for Berlin. Racing beyond Hannover, units of the Ninth were approaching the Nazi capital from the northwest, last reported 110 miles away. Further south, the First overran Salzgitter and were striking toward Leipzig and Halle.

Milk Price Hike In State Proposed

Harrisburg, April 12.—(P)—Higher prices for milk producers of 12 Pennsylvania marketing areas were proposed today by the State Milk Control Commission.

The agency issued orders fixing what it termed "producer necessary prices" to maintain an adequate supply of milk. The scheduled increases are effective April 16.

Commissioner H. N. Cobb, however, said there is "definitely no chance" of approval by the Office of Price Administration and the state will continue to enforce present OPA ceilings.

"We wrote the prices that should apply," declared Cobb, "but we are limited by the OPA and apparently their orders supercede ours."

Retail prices must be increased or the federal government must hike subsidies to producers to maintain an adequate supply of milk, said the commission in proposing a boost in consumer rates from 14-15 cents a quart to 17 cents.

Boy Killed Riding A Birthday Bicycle

Pittsburgh, April 12.—(P)—Carl Huff, Jr., would have been 9 years old tomorrow—Friday, the 13th.

But he couldn't wait for his present, a bicycle, so his parents gave it to him yesterday.

Last night, taking his first ride, he was struck by a truck and killed.

Direct Bomb Strike In Jap Troop Train

By FRED HAMPTON
Manila, April 12.—(P)—Fifth Airforce Liberators ranging far from their Philippine base over Indo-China exploded a 14-car Japanese troop train with direct bomb hits Monday, Gen. Douglas MacArthur announced today.

Fellow pilots bombed Hong Kong's Victoria docks, two radio stations and rail installations on Hainan island and sank six small freighters in the China sea.

U. S. 14th Corps troops in South Luzon, where MacArthur announced organized Japanese resistance had been broken, secured road nets south of Tayabas.

The First Cavalry Division advanced 14 miles from Lucban to occupy Sampaloc and sent advance elements to Mauban on the east coast.

Elements of the 11th Airborne Division occupied the east coast Atimonan area in force, while on the Bicol Peninsula the 18th Regimental Combat team continued to advance southwest of Duraga against light opposition.

In the central section, the Sixth Division's 63rd regiment stormed long-contested Mt. Mataba after artillery concentration and captured the peak of the troublesome mountain.

New Cumberland, W. Va., April 12.—(P)—Judge J. Harold Brennan of Hancock county yesterday sentenced 14 of 15 members of the CIO-United Steelworkers of America who were convicted of unlawful assembly and disturbing the peace while soliciting membership in their union at the gate of the Weirton Steel Co., Weirton, March 30, 1944.

Counsel for the defendants filed appeals from the sentences and convictions with the state superior court.

Co. I Member Transferred To Rangers Dies In Action

Serving with the Second Ranger Battalion in Germany, T/Sgt. Lester G. Arthur, 24, of Akeley, was killed in action on March 9, according to word received by his parents, Mr. and Mrs. Clyde J. Arthur.

Sgt. Arthur was a member of Company I, 12th Infantry Regiment, when it left Warren in February, 1941, and accompanied that unit to Indiantown Gap, Camp Livingston, La., and Camp Gordon Johnston, Fla.

Leaving the 28th Division to join the Rangers, he was transferred to Camp Forrest, Tenn., and from there to Fort Dix, N. J., going overseas in November, 1943.

For heroism on the D-Day invasion of Normandy, he was awarded the Silver Star and, with others of his group, the Presidential Unit Citation. He had been awarded the Purple Heart and cluster for wounds received while serving in France and Germany.

He attended Russell High School, was a member of the Akeley Methodist church and active in its Youth Fellowship. He was also a member of Akeley Grange, No. 870.

Besides his parents, he is survived by three sisters and seven brothers: Mrs. Wesley Weisbrod, of Arnold, Pa.; Mrs. Harold Bloomgren, Gladys, Allen, Bob, Harold, Curtis and Norman Arthur, all of Akeley; Clyde, Jr., of Buffalo, N. Y.; T/Sgt. Richard, serving with the Medical Corps in France; also his paternal grandmother, Mrs. Elvora Arthur, of Akeley.

BATTLE ROARS NEAR CLIMAX FOR CAPITAL

Fall of City Only Matter of Hours As Mopping Up Of Last Enemy Resistance Progresses

By RICHARD KASISCHKE
London, April 12.—(P)—Marshal Fedor Tolbukhin's Third Ukrainian army has punched a big hole in German defenses west of Vienna, Moscow dispatches said today, and Berlin reported Soviet armor had reached a point between Krems and Melk, 115 miles from Berchtesgaden.

Soviet troops virtually completed the occupation of Vienna, and dispatches from the Russian capital said "Moscow's guns may salute the freeing of the ancient Austrian capital tonight."

Northwest of Bratislava the Russians were fighting within sight at least of the Vienna-Brienn highway, last escape route for the Germans northward out of the capital.

Moscow dispatches said the encirclement had been completed. Berlin said Soviet gunboats were putting tommyguns ashore in the rear of German troops still fighting on the nine-mile long island in northern Vienna between the river and Danube canal.

The German commander on the Berlin front was reported by the German radio to have issued an order of the day to his troops warning that the zero hour for the push by Marshal Gregoryukov's First White Russian Army trot, its bases along the Oder could be expected at any time.

The German communique said Gen. Lasch, commander at Koenigsberg, had been courtmartialled for cowardice in surrendering the East Prussian capital and sentenced to death in absentia.

Berlin said Tolbukhin's forces had reached the Danube bend 42 miles west of Vienna and 12 miles west of St. Piten.

The Berlin radio said Soviet armor reached a point between Krems and Melk, 50 miles from Linz, 75 miles from Bavaria and little more than 715 miles from Berchtesgaden, mountaintop retreat of Adolf Hitler.

Fall of Vienna appeared to be only a matter of hours as mopping up of the last enemy resistance progressed rapidly inside the vital communications hub and second city of the greater Reich.

Russian shock troops yesterday stormed across the Danube canal inside the capital, gaining control of half the nine-mile-long island between the canal and the river where the Nazis were making a final stand.

Nine-tenths of the major part of the city south of the Danube already was in Russian hands.

Northeast of the capital the Russians slashed out of the last German escape route today declaring a railroad running north to Landenberg and the Czechoslovak city of Bruenn (Brno).

In Czechoslovakia, meanwhile, the Second and Fourth Ukrainian armies linked up in the Carpathian mountains and cleared a supply road from Poland to the Vienna front.

County Clothing Collection Is Progressing Satisfactorily

The Kiwanis Club committee in charge of the Warren County United National Clothing Collection for War Relief is much gratified over the fine response that is being received for the project.

Boxes in retail stores are filling rapidly and in some instances it has been necessary to have pickups to keep the from overflowing. J. A. Blomquist, chairman, reminds that any person having boxes to be emptied should call him at either 2635 or 902.

The central collection depot in the Smith garage at the foot of Market street has been opened and deliveries are being made there where the clothing will be sorted and arranged for dry cleaning.

Cleaners in the borough are preparing to start this part of the project within the next two weeks. Schools, churches, Parent Teacher Groups, civic clubs and other organizations are actively cooperating with the Kiwanis Club in collection which will be highlighted by a general pickup on Friday, April 27, when trucks will visit

all schools in the borough and county.

Keeping warm in Europe is probably more difficult than securing food. Every scrap of material, curtains and upholstery is used to keep bodies warm. With a lack of adequate clothing, food and shelter, the inevitable sickness and disease appears—striking at women and children first.

It took relief workers two months to build up the bodies and calm the minds of several hundred Dutch waifs who were rounded up while foraging in garbage pails, and sleeping in cellars. Some were orphans, some were homeless, but all were dressed in ragged, makeshift clothing.

You can ease similar distressing conditions in other war-devastated countries by contributing to the United National Clothing Collection, all your serviceable used clothing, shoes and bedding.

If there is no clothing collection depot in your neighborhood, contact your nearest school. See that your spare apparel is delivered.

Waste Fats Quota Exceeded In This County During March

Warren County exceeded its quota on waste fats for the month of March, according to the official report issued this morning by W. T. Corbett, County Salvage Chairman. The total collection of waste fats for the month was 6,115 lbs. against a quota of 6,000 lbs. A large gain was also reached in the collection of paper, the final total of 224 tons representing a gain of 93 tons and a county average of 10½ lbs. per capita.

Other totals for the month were as follows: 3,800 lbs. of rags; 17,264 lbs. of metal, including brass, copper, and lead. Mr. Corbett emphasized the following important events on the salvage program:

1. THE STATE-WIDE PAPER HOLIDAY now going on. All merchants are requested to cooperate by not doing unnecessary wrapping of packages. Customers are asked to bring baskets and shopping bags and to take home unwrapped packages.

2. PAPER COLLECTION. A curb paper collection will be held Wednesday, May 9th, in Warren, Youngsville and Russell.

3. TIN CAN COLLECTION. May 23rd will be the date of the next curb collection of tin cans in Warren, Youngsville and Russell. Throughout the rest of the county cans will be collected by the schools.

H. S. Students Aid Foresters In Fight Against Forest Fires

With thousands of Warren county men at war and in defense plants the forestry crews that give battle to the forest fires in this section are suffering from manpower shortage. To plug the gap students from the various schools of the county have been signed up as an emergency crews to aid in fighting fire and saving the woodlands.

Yesterday the Tidouite and Warren High School students had to be called upon to "come out and help." The fire on which aided was a stubborn one at Althorn, on the Allegheny river. The fire started at 1:15 p. m. and reports

fairly poured in from the towers in the county. One report said "it looks like a Christmas tree." The flames raced up a hillside and over the top. It was not under control until after 6 o'clock last evening and was still smoldering this morning. Over 100 acres of game land were burned over.

Crews were on the jump yesterday aiding in fighting fires about this section. One at Trunkville burned over four acres; there were two railroad fires below Tionesta and another railroad fire near the new overhead bridge at Garland while another fire raged for a time near McGraw school house.

"What Can You Spare That They Can Wear?"

(This is "Clean Out Your Clothes Closet Week.")

Former Governor Herbert H. Lehman, who now is Director General of the United Nations Relief and Rehabilitation Administration, stresses the need for the most generous response of all Americans to the United National Clothing Collection for overseas relief.

"The only clothing resources available now," he points out, "are those in the homes of the unemployed lands, since the looms and mills are unable to produce sufficient new goods for both the military and the relief needs."

There is a United National Clothing Collection receiving depot in your neighborhood. See that your spare apparel is delivered there.

Ration Board Is Advised On Tire Quotas

The local war price and rationing board advises that its quota of passenger tires has been cut by one-third for each of the past three months.

Orders now received state "in the past, use of the preference order for grade I passenger tire issuance has been optional", based on local conditions. From now on, boards are directed to make use of the preference list in determining which eligibles shall be issued tires from the curtailed quota.

Applications for tires are classified according to the applicant's occupation from which his chief source of income is derived. Applications for tires by eligible applicants can be approved only when quota is available.

The entire board's board members and clerks have orders to make no exception to this procedure.

THINGS ARE easily bought and sold through classified ads.

'Little Miss Muffet' Engaged

Shirley Temple, above, who will be 17 years old April 23, is all smiles for her fiancé, John George Agar, 24, Air Force sergeant, following public announcement of their engagement. Mr. and Mrs. George Temple, the young star's parents, who said the couple would not marry for another two or three years, made public her betrothal when the actress' classmates noticed her wearing a diamond ring. Sergeant Agar, formerly of Chicago, is the son of Mrs. Lillian Agar, Beverly Hills, Calif.

Kiwanis Club Learns About Rouse Hospital

Stanley Laurence, superintendent of the Rouse Hospital and Farm at Youngsville, was guest speaker for the meeting of Kiwanis Club held at noon Wednesday at the Hotel Carver.

Beginning with a brief account of the legacy of Henry Rouse which made possible this home for the county's poor, Mr. Laurence spoke of the farm equipment, livestock and other products of the 600-acre tract, and its present census of 80 residents. With much of the time devoted to questions and answers, a great deal of valuable data concerning the home was brought out by the speaker.

Dr. A. Jack Pickard, dentist, was introduced as a new member and greetings were extended to two guests, James Gilliland and George Keeley, both of Oil City.

James A. Blomquist gave a good report on progress of the National Clothing Collection and Carl Peterson announced a meeting of the Home Front News committee at his home next Monday evening.

FUND OVERSUBSCRIBED

Methodists of the nation have over-subscribed their \$25,000,000 goal by raising \$26,040,749 for the denomination's post-war relief and reconstruction fund, Bishop J. Ralph Magee, national director of the Crusade for Christ, announced from the headquarters' office today. Of the total, compiled from reports made by the church's 563 district superintendents, more than \$11,000,000 has been paid in cash, with the balance in pledges, payable during the next ten months.

NO PAYMENTS HERE

Not a single unemployment compensation payment was made in this city during the week just ended. Corry and Warren being the only towns in District No. 1 with such a record. Total payments in the district amounted to \$3,380. Two weekly payments of \$20 each in adjusted compensation for returning war veterans were made during the period in this city, the lowest amount of any town except Meadville where there were none. Such payments were highest in St. Marys where they totaled \$500 for the week. The total for the district was \$1,614.

WAKE UP YOUR DIGESTION BELOW THE BELT

Without Stomach Relievers

To Get Happy Relief from Gassy, Bloating, Tight-around-the-Waist Misery You May Need This Kind of Laxative Help

When most food leaves the stomach, it is by no means fully digested. It is in the 18 feet or more of intestine that the greater part of digestion is done. Among the vital digestive juices that work in the intestine, the liver bile is one of the most important—especially vital to the digestion of fats. Unless this liver bile flows sufficiently, digestion of fats slows down. Food decays in bowels. You may get constipated and feel full of gas, bloated, indigestion misery. That's when you need Bechmans Pills. They help get the bile juice flowing freely, which helps you digest and eliminate in Nature's happy way. Ask your druggist for gentle, all-vegetable Bechmans Pills today. Caution: Use only as directed, 26r.

LUDLOW

Ludlow, April 9—The Moriah Lutheran choir presented an Easter Cantata on Sunday afternoon at four thirty o'clock entitled "Morn of Victory". It was directed by Mrs. Emil Nelson, choir director and accompanied by Mrs. Enoch Nelson, church organist. Soloists for the Cantata were Miss Elizabeth Hess, soprano, and Mrs. L. E. Connelly, mezzo soprano.

The offertory solo, "Open the Gates of the Temple", was sung by Mrs. Emil Nelson. The offering amounted to twenty-two dollars and seventy-eight cents, which is to be used for church music.

The new schedule for regular services every Sunday morning began on Easter Sunday and the first Swedish service on that schedule was given April 8th. There will be English services every Sunday at eleven o'clock and every second and fourth Sunday Swedish services will be held at twelve o'clock directly following the English service. The Sunday school will begin at ten o'clock each Sunday. The Junior choir sang "God Sent His Angels to Earth Again" at the English service.

The Junior Choir under the direction of Mrs. Emil Nelson practice once a week and will soon begin a splendid repertoire. This group is composed at the present of sixteen girls from nine to fifteen years of age. At their last practice, the following officers were elected: President, Louise Draty. Vice president, Allene Johnson. Secretary, Joyce Nystrom. Treasurer, Joanna Johnson.

The Lutheran Young Women's Missionary met on Thursday evening in the church parlors with Mrs. Homer Giffert conducting the meeting. The program theme was "Missionary Work in America Today". An article, "My Thirty Months in a Jap Prison" by Lt. Madeline Ullom taken from the Woman's Home Companion, was read by Miss Edith Larson. Several interesting letters were read by Miss Tillie Olson which were written by Miss Eckstrand, Augustana missionary recently released from the Philippines. The program for the evening was conducted by Mrs. Lawrence Olson. Mrs. Clyde Giffert and Mrs. Leroy Johnson. The meeting closed with a hymn and benediction.

The Ladies' Aid of Moriah Lutheran met on Friday afternoon in the church, with Mrs. John G. Johnson and Mrs. Chas. Johnson as hostesses. The president, Mrs.

C. W. Swanson, conducted the meeting. Rev. Hans Pearson gave Scripture reading and prayer. In the business meeting it was decided to give hymnals in memory of Mrs. Godfrey Anderson and Mrs. N. P. Peterson. The flower committee was asked to make arrangements for palms to be purchased and placed permanently in the church. The following program was given:

Vocal duet, Mrs. Emil Nelson and Mrs. Walter Cox. Swedish reading, Mrs. O. J. Olson. Piano solo, Mrs. Enoch Nelson. The meeting closed with a prayer. Lunch was served later. The National Clothing Drive began its collection on Saturday with a splendid response. Boy Scouts assisted the committee. The clothes stored in the Red Cross rooms and will be sent to Kane in the near future. Anyone may add to the collection until Friday by notifying Enoch Nelson.

Rehearsals began last week on the Senior Play, "Miss Susie Swings In". Miss Maude Johnson is coach to this group of girls.

The Annual Community Association meeting will be held in DeForest Pavilion at Wildcat Park on Friday evening, April 13, at 8 o'clock. All members are urged to be present. Coffee will be served at the close of the meeting.

TYPICAL STORY

The War Price and Rationing Board in Westfield, N. J., has a volunteer price panel, just as similar boards do in most American communities. That is, it did have a volunteer price panel. For the other day that group of representative, public-spirited citizens resigned en bloc.

And why? Well, not because the bureaucrats in Washington were driving honest merchants out of business, nor because OPA regulations were unfair, unenforceable and incoherent. No, they resigned because price control hadn't worked in their territory, "principally due to the disinterest and lack of cooperation by the general public."

Their statement told of two years' effort to enlist merchant and consumer support. And it stated their conclusion that "while most consumers admit that price control is necessary, they are unwilling to make any personal sacrifice to make it work. Too many people are willing to pay prices over the ceiling to obtain what they want."

A similar story might be told in almost every town and city in this country. Put them together and you would have the complete story of the black market, and most of the story of our civilian shortages.

We may berate the OPA for its mistakes and unreasonableness, and much of it might be justified. But we can't dodge the fact that if people weren't willing to pay outlandish prices to avoid the simplest wartime sacrifices, there would be fewer sacrifices asked of all concerned.

It doesn't help to say, "I don't see why I should try to help when the government has made such a mess of things." The government's rationing idea is basically right. Cussing the OPA to save a bad conscience is a transparent and unworthy subterfuge.

STORIES ABOUT HITLER

As stated in an Associated Press dispatch in Wednesday's issue, London has heard a report that Hitler has been assassinated—a story which unfortunately has found no confirmation.

There's another report of a split in the Nazi party. It's said the fuhrer is being thrown over in favor of Gestapo Chief Himmler, the bloody minded wholesale murderer. To this a British spokesman has replied that the foreign office is operating on the theory that the fuhrer still is in control, with Himmler in command of defense forces. The spokesman added that all sorts of stories are going the rounds about Hitler, all of which could be true but most of which probably are not.

Positive knowledge of Hitler's passing certainly would have a vast repercussion. General George C. Marshall, U. S. army chief of staff, recently told the senate military committee that death or capture of the Nazi chief would contribute tremendously to a collapse of the German military machine.

Six years before Pearl Harbor Baron Kantaro Suzuki, one of Japan's elder statesmen, had what might be called a private and painful preview of that event. Some members of the Tojo-Koiso military clique walked in on him without warning and shot and very nearly killed him. Now the aged Suzuki has replaced Koiso as top dog in the Japanese government. It may not mean that the Japs are any closer to giving up. But it might indicate that the enthusiasm in high places for Jap militarism is going to be of a slightly more temperate nature.

Wealth is relative. You can make somebody feel immensely rich by donating your spare, used clothing. Yes, you can help the suffering war victims who have been reduced to the most threadbare, patched and ragged covering for their undernourished bodies. Give your still serviceable clothing to the Warren Kiwanis Club United National Clothing Collection now under way.

Don't get excited over false rumors of the end of hostilities in Europe. An eight-minute blast on the sirens after the news is officially received in Warren will be the bonafide signal.

There is only one place where running things into the ground brings growing interest—the Victory Garden.

Washington In Wartime

By MAX HALL

(Substituting for Jack Stinnett who is ill)

(Second of three columns on the coming seventh war loan drive.)

WASHINGTON—Why will you be asked to buy more bonds in the seventh war loan than you have bought in any previous drive?

You have a right to an answer. It's your money.

Officials of the Treasury's War Finance Division talk about the seventh war loan in these terms: The cost of war is not declining. In January and February, war expenditures were actually higher than in the same two months a year ago.

The income of the people remains at a dizzy level.

Goods available for civilians are getting scarcer. That puts more loose money in people's pockets. The more of this sort of money there is, the harder it is to control prices and keep inflation within bounds.

That doesn't mean we are to buy bonds simply as an anti-inflation measure. The big aim is to pay for the war.

THE cost of the Pacific war will be tremendous, and Treasury officials say that when Germany folds up war expenditures won't drop as much as many people think.

If Germany should collapse before or during the bond drive (May 14-June 30), the Treasury can't and won't change its plans. War costs will still be high. Be-

highway, which heretofore was under supervision of the state highway department, has now been turned over to the respective townships for maintenance.

Flies take off in reverse. They spring into the air backward for a short distance before going ahead.

sides, the inflation danger will still be acute.

The quotas won't be lowered. The drive will continue. In fact, the sales effort will be more strenuous than ever to counteract any possible let-down in public participation.

There's a postwar angle to the seventh war loan, too.

From the standpoint of the nation's economy, war bonds are a stock of economic blood plasma.

From the standpoint of John Citizen, with that neat stack of war bonds in the top dresser drawer, he has savings that he can turn instantly into cash when he needs it, or hold until maturity and get \$4 back for every \$3 he invested.

SOME government officials think there will be very little cashing of bonds immediately after the war, in comparison with the total amount. They feel that the very existence of the bonds—representing insurance against an emergency—will stimulate business by making people less reluctant to spend their incomes or invest it in new enterprises.

Since the quotas are bigger—seven billion dollars for individuals, with four billions of it in series E bonds—the seventh war loan drive will last longer than ever before. The main drive will run seven weeks from May 14 to June 30.

In addition there will be a three-month overall drive during which wage and salary earners will be asked to step up their payroll deductions. This runs from April 7 through July 7.

NEW ROCKET GUN

The British and Canadians on the Western Front are employing a new 32-barrel rocket gun. Each missile is comparable with a 100-pound shell, and the barrage laid down by a group of 12 of these multiple weapons is described as devastating.

'Smoking Out' the Smokes

Waiting in line for cigarettes and cigars is nothing new to Americans, but the civilians of Frankfurt, Germany, in the wake of the advancing U. S. Third Army, grew tired of waiting for the dealer to hand out smokes and are climbing the transom . . . presumably adopting "serv-u-yourself" system.

100,000,000 LB. RISE IN FAT SALVAGE ASKED BY KRUG

Chairman of War Production Board Urges American Women to Greater Effort in Saving Kitchen Grease

"The salvage of used household fats is vitally important to our program," says J. A. Krug, Chairman of War Production Board.

J. A. Krug

"Fats are used in hundreds of industrial plants engaged in metal working, textile manufacturing, leather processing and synthetic rubber production. They are also required in certain mining operations and in the production of special lubricating oils and greases. Used household fats also help to assure us at home of supplies of medicines, soap and many other essential civilian items," Mr. Krug declared.

"Our requirements for 1945 are greater than ever before. We need a minimum of 100 million pounds more of used household fats than were obtained in 1944.

"I urge housewives to greater efforts," Mr. Krug said. "Every ounce of fat that is salvaged and turned in will help toward meeting our production requirements."

Bert Loses the War Single-Handed

Bert Childer's house burned down last week, and the only good thing that came out of it was it cured him of swearing. Bert just couldn't think of words to fit the occasion, so he just gave up.

Bert admits it was his own fault. Started with a field fire which he thought he had under control, and when he turned his back a minute for a breathing spell, the fire sprang up twice as fierce. By the time the firemen arrived, there wasn't much that they could do.

From where I sit, there's a moral in Bert's experience. A lot of us feel we've got the fires of this war under control... that we can relax a little, maybe let up on buying bonds, donating blood, or fighting inflation.

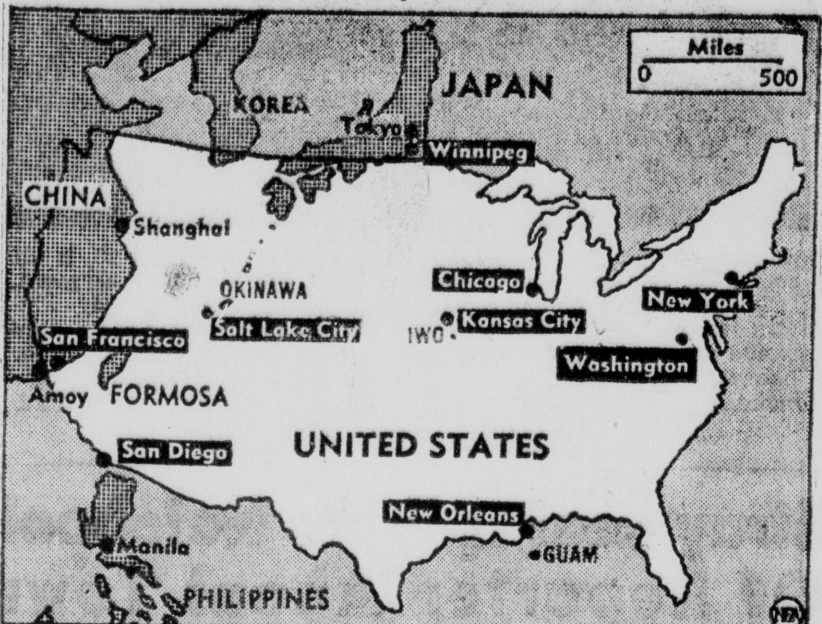

Just like Bert lost his fight against the fire, we can lose this fight against our enemy if we let down now. Because war, like fire, is never over till the last spark is extinguished.

Marine Sgt. Young Given A Decoration

A delayed dispatch, datelined Somewhere in the Pacific, brings the news that Marine Gunner Sergeant Harry A. Young, 26, has received the Bronze Star Medal from Col. G. A. Williams. Son of George Young, of Sheffield, the Marine, who holds the Purple Heart and Gold Star, received the new decoration for courageous demolition of Japanese machine guns with hand-thrown explosive charges during the Battle for Saipan. The Marine also fought at Tarawa and Tinian.

The citation accompanying the medal states: "When the company to which Sergeant Young was attached was pinned down by heavy enemy machine gun fire, Gunner Sergeant (then a sergeant) repeatedly exposed himself to this fire in order to throw demolition charges into the enemy machine gun nests.

"His utter disregard for his own personal safety enabled him to demolish two enemy machine guns and made it possible for the company to continue to advance. Gunner Sergeant Young's heroic achievement and devotion to duty were in keeping with the highest traditions of the United States Naval Service."

F. G. Pierce Soon To Reach 20-Year Mark

Franklin G. Pierce, son of Mrs. R. L. Pierce, of North Warren, has been promoted to ensign in the United States navy, while serving aboard one of Uncle Sam's newest aircraft carriers on duty in the Pacific.

Ensign Pierce will complete 20 years of active duty in the navy on June 4 and his entire service has been in connection with the hospital corps. Besides serving on his present ship, he has seen duty on the battleship USS Maryland and the cruiser USS San Francisco.

He wears the American defense ribbon, American theatre of war ribbon, the Asiatic-Pacific theatre of war ribbon and the navy's good conduct badge.

Sgt. Papalia Is Recipient Of Air Medal

Sgt. John S. Papalia, 20, of 18 Eddy street, has been awarded the Air Medal for "meritorious achievement while participating in aerial flight against the enemy." Radio operator of a 15th Air Force Flying Fortress, he is a member of the oldest heavy bombardment group in the Mediterranean theatre of operations.

A graduate of Warren High School, he enlisted in the Air Forces on August 30, 1943, and later attended radio operator's school at Sioux Falls, S. D., where he was graduated on May 28, last year.

SHOULD MANAGEMENT BE UNIONIZED?

A Statement by General Motors

THE POSITION OF FOREMEN IN GENERAL MOTORS

In General Motors, foremen are the MANAGERS of their departments. They participate in establishing management policies in both production and personnel matters. They have full authority to approve or disapprove the hiring, to supervise the work, and to make work assignments of the employees under their supervision. They initiate wage increases, transfers and promotions. They are directly responsible for the efficiency and safety of their group. They have full authority when necessary to take immediate, appropriate disciplinary action for violation of shop rules, and other improper conduct of their employees. They are the first point of management contact and make the first management decision on all matters relating to the employees under their direction.

THE National Labor Relations Board has ordered a bargaining election among the foremen and other supervisory groups of a Detroit automobile company. This company is not a part of General Motors, but we are concerned with the principles involved.

This confusing action by the Board means that it is sanctioning and promoting the unionization of management personnel, in spite of the fact that the National Labor Relations Act includes as an employer "... any person acting in the interests of an employer directly or indirectly."

We are sure that Congress did not intend to approve unionization of management when it passed the Act.

The results if applied throughout industry would be bad for the management groups involved, bad for industry, bad for labor, bad for America.

Bad for Foremen

We think it would be bad for foremen if American industry should be compelled to make a change in its proven type of organization, which would unavoidably reduce the foreman's status, diminish his responsibility, authority and influence, decrease his opportunities for personal advancement.

In General Motors, foremen have always had important responsibilities and authority.

We have always guarded the status of our foremen, and have provided special training to improve their abilities, increase their efficiency and enhance their opportunities for promotion to even more important management positions. The great majority of General Motors' principal executives at one time were foremen.

We are convinced that it would be impossible for a foreman to follow both management and union leaderships at the same time, and under those conditions to carry on all his duties as they now exist. All elements of management must have a common objective.

It would obviously be impossible, for instance, for him as a fellow unionist with those under him, to perform his functions which relate to their working conditions, wages, promotions and assignments on the unbiased basis which is essential to good management.

Bad for Industry

From our experience both before and during the war, we are certain that the

accepted American method of spreading managerial authority and responsibility among foremen—so that management is in close, direct contact with comparatively small groups of workmen—is the best and only sound method of handling day-to-day relations with the thousands of employees engaged in modern mass production.

Anything which would require a change in this set-up would interfere with employer-employee relations and with production.

For example, there have been many strikes in war production plants, particularly in Michigan. Charges have been made that workmen have been loafing in plants engaged in war production and that they are being paid high wages for not working. We are conscious that the public feels that there must be something wrong. The attempt to tear down the position and authority of foremen and to unionize members of management is importantly contributing to this condition.

Bad for Labor

As a matter of fact, the close-contact method is about the only way that man-

agement and labor can work harmoniously together in large organizations. Much is said these days about cooperation. It would be a serious handicap to any hopes for teamwork and the pursuit of common interests, if anything were done to remove this facility for knowing and understanding each other.

It is our firm, sincere belief that loss of this close contact would make harmonious relations between management and labor almost impossible and would interfere with practical collective bargaining.

Bad for America

The removal of foremen from their present position as a vital, integral part of management would require reorganization of factory management on a basis far more complicated and decidedly less effective. Necessary factory discipline would suffer, worker efficiency would be impaired.

We believe the effect on you—on the public as a whole—would be very real. It would interfere with the war effort. It would make war materials cost more. It would slow up postwar reconversion to civilian production.

It would delay adequate postwar output of cars, refrigerators, ranges, furniture—all the things people need so much and have waited for so long. Finally—and, in the long run, perhaps most important of all—it would so increase production costs as to boost prices and the cost of living, and make the problem of reasonably full employment much more difficult.

Action Called For

When people have as deep a conviction about anything as we have about unionizing management, they ought to do something about it.

If the meaning of the National Labor Relations Act can be so confused as to promote unionization of management—and thus impair the effectiveness of the American production system of which we are all so proud—then the meaning ought to be cleared up.

General Motors believes—and hopes others will feel the same—that it is a patriotic duty, a duty to the foremen, to industry, to labor, and to the public as a whole—to oppose the unionization of management by every proper and lawful means.

That is our intention.

Sgt. Merkle Commended By MP Head

Mrs. Ruby Merkle, Warren RD 3, has received from her husband, T/Sgt. Edward E. Merkle, serving with the 1378th Military Police Detachment in Harrisburg, the following self-explanatory communi-

cation from Capt. H. J. Clarke, until recently commanding that unit:

"On this, the eve of my departure as commanding officer of this Military Police detachment, I wish to commend you for the superior service which you have rendered to myself, this organization and your country in general. Your cooperation, devotion to duty, judgment and stability under trying conditions and your cheerfulness in the application of these qualities have materially aided this command to achieve the high standards of merit which have been bestowed.

"As Motor Sergeant and as the man who keeps 'em rolling', your work and your conduct have at all times reflected the true meaning of the phrase 'a soldier and a gentleman'. It has been a distinct pleasure to have been associated with you and I hope we can again serve together. I will always welcome you to my command. (Signed) H. J. Clarke, captain."

Sgt. Merkle, recipient of the commendation, is the son of W. H. Merkle, of Tidoulet.

In Concert Here

Members and friends of St. Paul's Lutheran church will hear the above group, choir of the Lutheran Bible School of Fergus Falls, Minn., in concert at 8 p. m. Friday.

The choir of the Lutheran Bible School of Fergus Falls, Minn., will sing in concert at St. Paul's Lutheran church at 8 p. m. Friday. It has been well received wherever it has appeared and those in charge are confident that its program will be appreciated by all who hear it. No admission will be charged but a freewill offering will be asked. This year the choir is traveling from Fergus Falls to Massachusetts and back in a three weeks tour, staying in New York for four days and presenting a concert each evening in various churches.

The Bible School Choir is composed of 32 students representing the high school, bible, commercial and seminary departments of the school, and many states, including North and South Dakota, Minnesota, New York, Montana, Iowa, Wisconsin, California, Illinois and Alaska.

The program of choral singing will include a negro spiritual and two Norwegian songs. Not only does the group sing as a mixed choir but as ladies' and men's groups singing two numbers each. Expected to accompany the group here for its presentation is President E. M. Strom, who will give a gospel meditation.

The director Prof. William Windahl, has been music instructor at the Lutheran Bible School for the past 13 years and has turned out many fine choirs. He received his bachelor of music degree from the McPhail School of Music at Minneapolis, and has had many years of experience as a choir director.

This is the 12th annual tour of the choir and is the first to the east coast since 1937. The choir is widely known in the middle west and enjoys a fine reputation for inspirational singing. Its concerts provide an evening of very worth while music that will be enjoyed by all.

Roberti - Gigliotti Rites Performed In Saint Joseph's

Mr. and Mrs. Sam Gigliotti, Sr., 20 Pine street, announce the marriage of their daughter, Josephine, corporal in the WAC detachment at Indiantown Gap, to Barney Roberti, son of Mr. and Mrs. Anthony Roberti, of Springfield Gardens, N. Y.

The ceremony took place at 9 a. m. Saturday, April 7, in St. Joseph's church, Father Alfred Bauer officiating. Kathleen Simmons, organist, played the traditional wedding numbers and accompanied the soloist, Mary Scallise who sang "On This Day, O Beautiful Mother".

The bride wore a fingertip veil with gown of white satin and lace and carried white roses. She was given in marriage by her brother, Julius Gigliotti, and attended by her sister, Rose, who carried an arm bouquet of red roses and wore

a matching headband with a frock of blue marquisette.

Morris Annis, of Jamestown, N. Y., brother-in-law of the bride, was best man for Mr. Roberti.

A reception followed at the bride's home, where 30 guests were greeted by the couple and mothers of the principals. Both were attired in ensembles of navy blue and white and wore shoulder corsages of red roses. Guests included Mr. and Mrs. E. Magnio, Mr. and Mrs. Morris Annis, Jamestown, with relatives of the bridegroom from Long Island.

The bride, graduate of Warren High School in the Class of 1942, entered the Women's Army Corps in October of 1943. Mr. Roberti has been honorably discharged from service following active duty in Africa.

National Sunday School Week April 9-15

American children everywhere will stand up and be counted this week, when National Sunday School Week will be observed throughout the country.

This movement is sponsored by the Laymen's National Committee, a non-sectarian, non-profit organization with headquarters at the Vanderbilt Hotel, New York.

The Committee, now entering its sixth year of operation, is putting forth every effort to bring about a revitalization of a sober realization that

America was founded on man's consciousness of God, man's daily labor and the fruits therefrom.

The purpose in sponsoring National Sunday School Week is to develop a serious acknowledgment that, "As the twig is bent, so the tree inclines", and that every parent owes his child a knowledge of God, whose light always shines for those who seek it.

National Sunday School Week represents an additional annual activity of the Committee, who sponsor National Bible Week the third Monday in October each year.

The above poster in color is obtainable at Chambers of Commerce throughout the country, or at the offices of the Laymen's National Committee.

Preparing Acts For Gay Nineties Party Floor Show

Several young people have already prepared acts for the "Gay Nineties" floor show auditions for the next community young people's party which is being planned for Saturday evening, April 21st.

The floor show theme has aroused wide interest among the teen-age young people and the Committee on Community Recreation hopes to present an especially entertaining show. The Men About Town Orchestra will again furnish the music.

Auditions for anyone in the teens who wants to try out a number, will be held Saturday morning at ten o'clock in the Beatty school auditorium. Tryouts will close at 11:30, although special auditions may be scheduled by making arrangements with Olive Archibald Huff or Teresa Fino.

The committee is looking for singing numbers, particularly in Gay Nineties costume; dancing acts; comedy features and any other specialists which would be attractions for the period floor show.

Co-chairmen for the next party are Duane Wilder and Teresa Fino. They have been setting up the committees, with the assistance of the committee chairmen, this week. New volunteers are always welcome and anyone who is willing to assist in any committee is asked to get in touch with one of the Committee on Community recreation members.

At Saturday night's party thirty young people appeared in floor show and auditorium performances and over 200 served on committees. New talent and new committee personnel are always welcomed.

EMERSON SPICERS HAVE ANNIVERSARY

Lander, April 12—About 35 friends and neighbors gathered Tuesday evening at the home of Mr. and Mrs. Emerson Spicer, Sr., to help them celebrate their silver wedding anniversary. The affair was arranged by their daughter, Mrs. Kenneth Ekey, of Warren, who was present with her husband and son.

The evening was spent with visiting and music, the honored guests receiving lovely gifts, including a purse of money from the group and flowers from Pfc. Emerson Spicer, Jr., in Washington, D. C. A large wedding cake, decorated in pink and white and a gift of their daughter, Mrs. Ekey, was the center of attraction for the refreshments.

Out of town guests were Mr. and Mrs. Albert Anderson, Mr. and Mrs. Clarence Kitzinger, Mr. and Mrs. John Lawson, Warren; Mr. and Mrs. Edward Miller, Mr. and Mrs. Virgil Williams and children and Charles Williams, Akeley. Other guests were neighbors and friends from their own community.

SUCCESSFUL PARTY AT ST. JOSEPH'S

Reports from the young people's dance held at St. Joseph's hall on Sunday evening indicate the function was a very successful one and Bob Pascuzzi is the richer by \$10 as the result of winning the special prize offered. The floor shows offered were very good and, all in all, the committee seems to fully deserve the commendation showered upon it.

HERALDS AND MOTHERS All members and friends are invited to the meeting of the Little Heralds and Mothers Circle to be held at 2:30 p. m. Friday in the Folkman parlors of the church. Mrs. O. R. Pang and Mrs. Howard Putnam will be hostesses.

BIBLE CLASS A large attendance is asked for the meeting of the First Lutheran Women's Bible Class, to be held at 7:30 p. m. Friday at the home of Mrs. A. E. Johnson, 206 Water street.

Mozart Program Greatly Enjoyed By Philomel Club

Philomel Club members enjoyed an unusually fine meeting in the music room of the Woman's Club Wednesday afternoon, occasion of the annual exchange program by the Mozart Club of Jamestown.

Mrs. Mayme Ekey, club president, welcomed the visitors and presented Mrs. S. Miles Euton, Mozart president, who urged that all members who could do so would come to Jamestown for the return program on May 5.

Program numbers were the Jewel aria from Gounod's "Faust," sung by Mrs. Lillian Fairchild Jesso; three movements of the Concerto in G Minor by Mendelssohn, with Miss Leola Fairchild at the first piano and Miss Anna Knowlton at the second; Children of Men by Sidney King Russell, April Goes a-Walking by Stanley Dickson and A Picture by Pearl Curran, by Mrs. Myra Lovejoy.

Concluding, tea was served from a table beautifully centered with calla lilies and white candles in silver holders. Mrs. Harry A. Logan and Mrs. Allie Russell presided.

SYLVANIA GROUP PLANNING BENEFIT

An old fashioned round and square dance is to be held Friday evening in the Eagles' hall by the UE-Sylvania organizing committee, the North Warren Troubadours playing and Sid Fitzgerald calling the figures. To round out the bill, there will be a cake walk and a "guess cake" for those who want to enter into the fun.

This is to be a benefit affair, the entire proceeds to be turned over to the camp and hospital committee of the Red Cross, to be used for providing needed articles for the wounded veterans at Deshon Hospital in Butler. Tickets may be had from the committee in advance or may be purchased at the door.

BURBURY-LINDBERG RITES ANNOUNCED

Sen. Chapman Sirens Will
Spoke Before Blazon Fall Of
GOP Banquet Hun's Empire

State Senator Leroy Chapman, of this district was a speaker last evening at a dinner in the Penn Harris Hotel at Harrisburg. The dinner was given by Congressman Edward L. Stokes, of Philadelphia for Republican leaders of the state and was attended by Gov. Edward Martin, State Chairman Harvey Taylor and other state officials.

Senator Chapman spoke on "The Best Method by Which the Republican Party Can Return to Power in the Nation". He suggested in part that the GOP must continue to be recognized as the conservative party in the state and nation in whose policies business and the people have faith. It must cease endeavoring to emulate New Deal in spending and legislation. It is important that the leaders know the mind and thoughts of the common people and Sen. Chapman suggested that a survey be made to ascertain their wants and desires.

There must be new and younger faces in the party, their ability must be recognized and they must have offices. Their capabilities, wants and wishes must be recognized.

A return to the system of conventions for the nomination of party tickets was urged and Dr. Chapman drew attention to the fact that in the 1931 and 1933 sessions he introduced legislation to that effect but it failed of passage.

A strong post war program should be formed as the New Deal has no such program and the United States today does not know where it will stand in the post war period due to the visionary and vacillating leadership.

The GOP, in the opinion of the speaker, must be divorced from big business or labor or any pressure group and must aim to become the party of the people.

In closing he suggested "We must have an honest, intelligent leader, whom the people will follow, a man who means what he says and says what he means. We must know what the common people want and give it to them. The common man whether or not he belongs to a union is just as patriotic, honest and actuated by a desire to see their families have an opportunity to live and advance in life. How can we obtain the pulse of the people 'Over the Nation'? In my district I know the common people and they want to see their problems and I try to fulfill their wishes. They have confidence in me because I have confidence in them."

Presbyterian
Congregation
Has Meeting

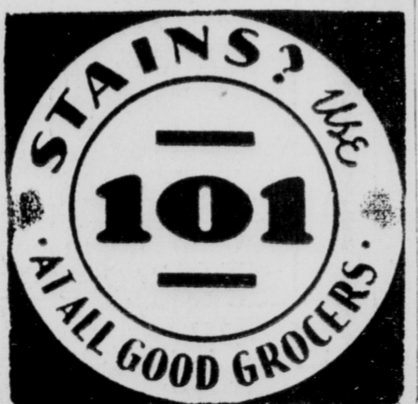

In the annual business meeting of the First Presbyterian congregation, held last evening in the church, the following were elected to three-year terms of office: Elders, Ralph W. Whitehill, Ray C. Pickett, H. L. Banghart, F. A. Beardsley, Carl R. Barker and Basil H. White; deacons, Mrs. Warren R. Carlin, Nestore Bartholomew and Lloyd Smith; trustees, George L. Craft, W. T. Corbett and R. W. Steber.

Edward W. Johnson was named to the office of treasurer and the following were named as auditors: Torsten Milenius, Brackett Ayers and Edward C. Walker.

Members of the worship team of the PAK's Club "17" were in charge of the devotional period, with Charles Cochener accompanying Charles Sires for a vocal solo and Helen Claire Huling, Nan Schwartz, Ruth Ann David and Allan Woodruff participating.

To conclude, the Woman's Aid was in charge of a fellowship hour and refreshments served from a table prettily centered with spring flowers and presided over by Mrs. John McLaughlin and Mrs. C. P. DeLong.

In line with requests from the Warren County Defense Council and others in the state the State Defense Council has given permission for the use of the air raid sirens in announcing the fall of Hitler's murderers. The sirens can be sounded on receipt of official word from the President or Secretary of War.

Arrangements have been made in Warren by the V-E Day committee for the sounding of the sirens on the official word is received here. The Times-Mirror will give the word for the sounding of the sirens following receipt of the flash on the Associated Press wire. No attention will be paid to radio reports as there have been so many errors, garbled reports, etc., on the air that only the word from the Associated Press will be recognized as official here.

The committee in co-operation with the Defense Council of the county arranged to sound the sirens continuously for eight minutes when the news arrives that organized resistance in Hunland is ended. There will be no breaks in the wailing of the sirens as has been customary in air raid alarms.

GARBAGE COMPLAINTS

Complaints are coming into the office of Health Officer R. N. Brown and he asks that warning be given. Chapter 5
THE man and the girl were silent... listening. Then, distinctly, they heard footsteps coming closer to the office. They came so near it seemed to Christopher they stopped on the other side of the wall where he was sitting. He even imagined he heard heavy breathing.

Motioning to Brenda, Christopher suddenly started talking in a rather loud voice as he stepped cautiously around the desk and out toward the front of the office.

"I have a Memo from Miss Young. I came to tell you about it." From the doorway he motioned to the girl to continue talking. He slipped out of the door and through the little swinging gate, and then crouched behind the tiger, watching the outside of the wall near which he was sitting when the footsteps stopped. He was only a dozen feet from the spot—but no one was near the wall. Minutes passed as he waited. Shadows closed down on him—but nothing moved, no sound came from the echoing fur salon. He could hear Brenda's voice. She was holding an imaginary telephone conversation with someone—after a few minutes he came back into the office, shaking his head as he slid into a chair near the desk.

"No one was out there," he whispered. "Let's forget the shipment for a few minutes—" he raised his voice to its normal pitch. "Eve Young should have been here today to get you started in your new department. She told you, of course, that she was going to New York."

"NEW YORK!" Brenda exclaimed incredulously, her face showing complete surprise at his information. "Why, no. She didn't say anything to me about leaving town. I talked to her last night, when she gave me final instructions about the new position. I was to take over this morning."

Len Schulte breaks in with Browns by driving in two runs with double and 360-foot home run as American League champions edge Cardinals, 3-2, in repeat World Series. Infielder brought in from Toledo is congratulated by Frank Mancuso, catcher, is Walker Cooper.

McQuinn, Gutteridge Homer As Browns Beat Cards, 10-3, For Third City Series Triumph

By JOE REICHLER

New York, April 12.—(P)—It took the St. Louis Browns 43 years to gain their first American League flag, but it may take them only one year to win their second.

The 1944 "Cinderella Boys", who were vanquished by the Cardinals in the world series last fall, have picked up this spring where they left off during the regular season last October, when they copped 11 of the last 12 to nose out the tigers by one game.

The Browns, with their championship team practically intact, are setting the pace in the exhibition tilts with 10 triumphs against two defeats and, more important, have taken the measure of their home-town rivals in three out of the first four games of their seven-game series.

George McQuinn and Don Gutteridge, who usually wait until June to find their batting eyes, turned on the power yesterday to help the Browns defeat the Cardinals 10-3 in a game halted by rain after six innings. McQuinn hit a double and a home run, his second four-bagger of the series, and Gutteridge got three hits in four times up, also including a homer.

Other developments were:

The New York Giants defeated the Brooklyn Dodgers 9-7 in an 11-inning benefit game for the Red Cross, which brought in \$27,409.70. Phil Weintraub led the Giants at bat with three hits, including a home run, driving in five runs. But for three errors by Shortstop Buddy Kerr, Pitcher Harry Feldman might have won an easy game and become the third Giant hurler to go the route.

The Chicago White Sox-Cubs annual spring series gets under way today with the first of a four-game set at Comiskey Park. Manager Charley Grimm will pitch Henry Wyse and Paul Derringer, while Jimmy Dykes will send Thornton Lee and Johnny Johnson to the mound.

Pittsburgh Pirates—Manager Frankie Frisch expected to be present today when the Bucs open the first of a four-game series with the Cleveland Indians. Fred Ostermueller is slated for Pirate mound duty.

Cleveland Indians—Tribe defeat-

ed Indianapolis 15-3 yesterday as Pat Seerey hit his first home run. He also hit a triple and single. Vice President Roger Peckinpaugh gave up hope of making a trade with Detroit involving Outfielder Jeff Heath.

New York Yankees—President Larry McPhall expressed interest in Jeff Heath of the Indians if the outfielder is definitely on the market. Beat their farm hands at Newark 8-2.

Boston Braves—Defeated Red Sox 3-1 in first of a five-game city series. Alva Javery, recovering from a sore arm, limited the Sox to five hits.

Washington Senators—Nationals beaten again by Bainbridge N. T. C. 4-1, as Dick Wakefield, former Tiger star, hit home run and Stan Musial, former Card ace, slugged two doubles for sailors.

Philadelphia Athletics—Russ Christopher limited Toronto to one hit in five innings as A's swamped Leafs 15-1.

Philadelphia Phillies—Outlasted Baltimore Orioles 5-4 in 11 innings at Aberdeen, Md., with more than 2,000 veterans looking on.

Cincinnati Reds—Manager Bill McKechnie took part in intra-squad game which saw regulars defeat the Colts 12-4. McKechnie was permitted five strikes before he singled for the Colts.

Brooklyn and Boston Merge; 10-Game Slate

By FRED HAYDN

New York, April 12.—(A)—Each of 10 teams will play 10 games in the 1945 season of the National Football League.

Woody league bosses last night ended a six-day meeting with this announcement, having finally worked out the last problem on the agenda, and pronounced the lengthy conclave a success.

The NFL schedule calls for the season to open Sept. 23 with a single game—Detroit visiting the Chicago Cardinals—and the wind-up slated for Dec. 9.

There is little difference from the 1944 schedule. Most eastern teams meet each other twice and tackle their western opponents once, the western eleven doing likewise. Only the Boston Yanks and Green Bay clash in two inter-sectional contests, on a home and home basis. One night game, on Sept. 25, with Pittsburgh visiting the Boston Yanks, is listed. One game will be played between the New York Giants and the Boston-Brooklyn combine, at Yankee Stadium on Oct. 14.

Earlier decisions were: Limiting the circuit in future to no fewer than 10 or more than 12 clubs; investigation of a move to arrange a permanent schedule plan under which each team would meet every other club each season; appointment of a committee to improve relationships with the colleges, AFL source of players, and ruling out the playing of exhibition games with members of new circuits.

BOWLING

PENN BOWLING CENTER

Struthers-Wells League came to a close last evening when the Foreman B and Plate Floor met for the final roll off. Foreman B won the roll off by 190 pins. Bab Chase from the Foreman B was high man for the evening with 591, rolling games of 194-211-186. For the losers E. Stanciliff was high with 547.

Foreman B... 893 902 925-2720 Plate Floor... 839 850 841-2530 Honor Roll: R. Chase 211, J. Rose 209, B. Hammerbeck 208.

AT ARCADE

In the final week of the National Forge League the Gun Shop took three points from the Allison Dept. John Meads 534 was best for the Gun Shop while Ernie Wilson's 239 and 602 was best for the Allison. The Works Office took three points from the Forge Shop posting new high team total of 2642. Fred Gagliardi's 643 which was best for the Works Office was a new high individual three games. Fred had games of 193-224 and 226 for 643. Joe Kulbacki's 630, and games of 222-211 and 197 was best for Forge Shop.

Games, with handicap: Gun Shop... 950 902 873-2725 Allison Dept... 897 901 935-2703 Forge Shop... 961 825 899-2855 Works Office 953 944 947-2844

CONEWANGO LEAGUE

Trevenens' hopes of easily coping the Conewango Club bowling championship hit a snag last night as Louie Davis' aggregation topped the first place Trevenens to collect three points. The Trevenens loss last night still holds them in first place, but a three-point win for Captain MacDonald's crew on Friday night in their match with McClaures would result in a two-way tie between the Trevenens and MacDonalds, and should the MacDonalds cop all four points Friday, they would move into undisputed possession of the top spot.

Creal set the mark for the Davis crew last night, turning in a 198 single and a three-game total of 542, while for the losers, Doc Anderson and Bill Lutz hit singles of 194 and Lutz totaled 544.

Christopher Hurls A's To 15-1 Win Over Toronto

Frederick, Md., April 12.—(P)—Toronto, in losing, 15-1, to the Philadelphia Athletics yesterday, managed to get only one hit off gangly Russ Christopher in five innings.

Manager Dick Porter of the Wilkes-Barre (Pa.) Eastern League club, also training here, watched Greek George, veteran Toronto catcher, at bat.

"You looked like me swinging against Earl Whitehill," said Porter later, said George. "Whitehill in his best day never had the stuff that Beanpole's got."

Yankee Shortstop

Joe Buzas, new Yankee shortstop recalled from Newark, was handicapped by a painful throwing wrist as New York club pointed for opening in Washington, April 16. A hard drive forced the bones of the hand back.

Curtis Heads Women's AAU Swim Meet

By JIMMY JORDAN

Chicago, April 12.—(P)—They might headline the National Women's Indoor A.A.U. swimming championships here this week merely "Ann Curtis" but there will be about 50 more entrants from all parts of the nation here to challenge the phenomenal San Franciscoan.

Miss Curtis, whose sensational record-breaking last year brought her the distinction of being the first woman ever to win the Sullivan Award, will defend her 220 and 440-yard free style crowns. Those two events alone are enough to give the shapely miss the headlines.

However, Hollywood-bound Brenda Helser, of Portland, Ore., 100-yard free-style titlist, and Patricia Sinclair of New York, 100-yard breast stroke champion, will be here to take some of the spotlight from the nation's No. 1 woman swimmer. So will Mrs. Jane Dillard Kittleson of Fort Worth, Tex., outdoor 100-yard breast stroke champion, and a pair of diving stars, Zoe Ann Olsen and Vicki Taylor Manalo, both of Los Angeles.

EAGLES SCHEDULE

Philadelphia, April 12.—(P)—The Philadelphia Eagles of the National Professional Football League will open a 10-game schedule Oct. 7 against the Chicago Cardinals at Shibe Park.

Home games announced yesterday by General Manager Harry Thayer are: Cleveland Rams, Oct. 28; New York Giants, Nov. 11; Pittsburgh Steelers, Nov. 18; Washington Redskins, Nov. 25, and Boston Yankees, Dec. 9.

The road schedule: Detroit Lions, Oct. 17; Washington Redskins, Oct. 21; Pittsburgh Steelers, Nov. 4; and New York Giants, Dec. 7.

Meadville Student Stage Demonstrates On Mentor's Remo

Meadville, April 12.—(P)—A mass meeting of the student body of Meadville High School was to be held today following a demonstration staged by between 300 and 400 students yesterday protesting an announced change in their basketball coach.

The Athletic committee announced change in their basketball coach.

The athletic committee announced that Preston Ditty, athletic instructor, would replace Harry Denison as basketball coach.

After parading through the downtown district carrying placards and banners, the group wound up in front of the high school. They dispersed after a promise the school director would be asked to attend the meeting today.

Last Night's Fights

Elizabeth, N. J.—Joe Curcio, 147½, Newark, outpointed Freddie Archer, 145½, Newark, 10. Freddy Russo, 129½, Rahway, outpointed Clint Miller, 126 3/4, Elizabeth, 8.

Oakland, Calif.—Jackie Burke, 171, Pittsburgh, Pa., outpointed Al Sheridan, 179, Kansas City, 6.

P. T. Barnum ran for congress in 1866, but was defeated.

Swimming Is Vital--Kiefer

New York, April 12.—(P)—In the opinion of Ensign Adolph Kiefer, ace of the Bainbridge Naval Training Center aquatic squad, swimming is the most vital part of a naval trainee's general program.

The great back-stroke champion, who holds a half dozen world records and 28 United States titles, even says "swimming is the most important activity in the navy today."

Kiefer, swimming officer of the Bainbridge physical instructors' school—which he advises is the only one the navy has in the country—added: "I teach the trainees swimming on the most modern and scientific scale. We select for instructions men over 21 years of age with decausal and athletic background."

Adolph coaches Bainbridge's powerful swimming team, which last week got 48 hours leave and splashed over all opposition in the National AAU swim championships at the New York A. C., thanks largely to 185-pound Kiefer himself.

BASEBALL MOVIES

Sportsmen are reminded that they can obtain "Inside Baseball," a film dealing with the training of baseball stars. The film may be had at E. D. Everts Hardware store, and is available on April 25, 26 and 27.

WASTE PAPER IS WAR PAPER NOW!

Combat Casualties

Now Total 899,390

Washington, April 12—(AP)—American combat casualties since Pearl Harbor have now reached 899,390.

Secretary of War Stimson today reported army casualties of 802,685 while the navy set its losses at 96,705.

The increase over last week's figure, 6,481, was one of the smallest weekly rises in months.

Stimson said the army figures reflected casualties reported through March 31 and covered operations on the war fronts through the middle of March.

Two Airfields Near Leipzig Are Attacked

(From Page One)

74 planes destroyed and 18 others damaged.

Allied planes raked Berlin with bombs again during the night, dealt punishing blows to German shipping and pressed their methodical program of reducing the enemy's aerial defenses.

Three times RAF Mosquitos visited the beleaguered German capital and unloaded 2,000-pound blockbusters, running up the total there to six raids in two nights and 56 in the last 49 days.

Five German merchant vessels were set afire yesterday by Beau-fighters and Mosquitos of the RAF Coastal Command, continuing their stepped up attacks on enemy shipping off Norway.

RAF Typhoons combing Holland blew up what they believed to be a big flying bomb supply.

Labor Board Confers On Miners' Pact

(From Page One)

L. Lewis, UMW chief, and Charles O'Neill, spokesman for the operators, also will be on hand.

The WLB meeting was designed to give the board all details on the wage adjustments involved so a decision can be reached on whether the new contract terms may be approved within the framework of wartime stabilization policies.

Both sides told OPA the operators would need higher ceilings to offset the \$1.07 daily pay boost granted the miners under the contract finally agreed upon late yesterday after six weeks of negotiations.

The War Labor Board figuratively gulped as it took the pact because the main pay adjustment is no ordinary "fringe."

BULLETINS

(From Page One)

Officers and men of the Japanese fleet have been called on by their commander to act as a "suicide corps," Tokyo radio reported today.

Washington, April 12—(AP)—A spokesman for livestock producers told senate food investigators today that an increase of \$1 a hundred pounds in cattle prices would get the country the beef it wants.

P. O. Wilson, Chicago, secretary-manager of the National Livestock Producers Association, expressed the opinion, too, that "it would not cost consumers any more than they are paying now when you figure what they are paying the black market."

WRECK ON PENNSY

Altoona, April 12—(AP)—Four main-line tracks of the Pennsylvania Railroad were blocked from two to three hours today by the wreck of four freight cars, part of a train of 56 loaded cars, near Gallitzin tunnel. The railroad reported three eastbound passenger trains were detained. Westbound traffic was unaffected.

Eighth Meets New Barrier On Santerno

(From Page One)

Capture of Casara apparently was made by the 442nd Regiment, made up of Americans of Japanese ancestry. They had been last reported only a half mile from the town, a marble quarry center of 50,000.

War Prisoners In Reich Neglected

Washington, April 12—(AP)—The U. S. government today charged Germany with "deliberate neglect, indifference and cruelty" in a treatment of American prisoners.

The war and state departments declared in a joint statement that actions are being uncovered daily which "have shocked the entire civilized world."

The statement was issued by Secretary of War Stimson and Secretary of State Stettinius and read by Stimson at his weekly news conference. Stimson called it a "balanced statement" on the condition of American prisoners in the Reich.

The statement declared that atrocities against American prisoners "are documented by the pitiable condition of liberated American soldiers."

BULLETINS

(From Page One)

Weimar, Germany, April 12—(AP)—Lt. Gen. George S. Patton's 11th Armored Division is less than 40 miles from the border of Czechoslovakia tonight. Patton's forces swept across the Saale river south of Jena.

Paris, April 12—(AP)—A special French communique announced that the French First Army had captured Baden Baden (30,000) and the Rhine crossing town of Tiestadt (15,000) in the Black Forest southeast of Karlsruhe.

The British second army, thrusting north and northeast toward Germany's greatest ports, threw two bridgeheads across the Aller river southeast of Bremen. Fifty miles south of Hamburg, the British fought in the outskirts of Celle.

British tanks, after securing the Aller bridgehead northwest of Celle, beat off heavy counterattacks by crack German troops. A field dispatch said the enemy evidently was repeating his tactics of trying the deny the Allies the use of strategic ports in the hopes that Allied spearheads would outrun their supplies.

The Canadian First army continued steady progress toward entrapment of possibly 200,000 Germans in northwest Germany and Holland. An attack between captured Deventer and Zutphen gained 22 miles.

Mill Race Now Dirtiest Ever In Its History

Complaints are pouring in relative to the condition of the mill race at the bridge across it on Pennsylvania avenue. The boom at the entrance of the mill race was torn loose by ice and high water and is not halting the rubbish that comes floating down the stream. It is poured into the race and at the present time a filthy accumulation is lodged near the avenue bridge.

There is a motley collection of garbage, sewage, grass cuttings, etc., that makes anything but a slightly appearance and a few days of warm weather will also cause the accumulation to give forth a stench that will rise to high Heaven.

It is to be hoped that the boom can be adjusted and the flow of filth into the mill race stopped. A broken sewer at the foot of Liberty street is pouring much contamination into the mill pond and this load of stuff floating down stream only aggravates the condition. Residents along the race are hopeful that something will be done about it and that right quickly.

Hotel Porter Drove Wrong Car to Garage

One of those things that seldom happen took place last evening in this city when it was discovered that the keys to two cars were identical and could be used in two Chevrolet machines with no trouble. It all came about when George Campen, of Cleveland, Ohio, drove up to the Carver House at 5:45 and parked his car in front of the hotel.

While he was in the hotel another guest drove up and after unloading his car gave the hotel porter the keys with which to drive his car to a garage. It was also a Chevrolet. Later after dinner Campen started out to drive home and discovered his car was gone.

A report was made to police that his car had been stolen and an investigation was started. Then it was discovered that the car supposedly sent to the garage was still in front of the hotel. Further investigation showed the Campen car safely in the garage the keys given to the porter having fitted that car so that he could drive it away.

All was soon adjusted but as the police report says on the docket at the stationhouse "it was a peculiar coincidence."

ed to play ball in the streets and get chased by the cops. He ran so fast getting away that he developed a neighborhood reputation as a sprinter, which led to an invitation to join the Jefferson Boys' Club. The club had boxing gloves and when Vic tried them he forgot all about running and set out to become a boxer. The point of the story—to Markson—is that Delicourt fights Jake La-Motta at St. Nick's tonight. The Major leaguers will add a gold pass man to this year's list. Such passes are awarded when a player completes twenty years of service in either or both circuits. The 23rd man to be so honored is Mel Ott, manager of the New York Giants.

they knew the nose gunner was unable to leave his turret except to bail out, due to the shattering damage caused by flak hits, they didn't realize the gunner was imprisoned in the tiny turret without his parachute. So once again Sgt. Gibbons came to the rescue.

This time, after a number of failures, he managed to hook a parachute on an engine crank and maneuver it into a flak hole where the gunner could get at it.

Finally Sgt. Gray and the others bailed out over Southampton where they landed safely. Only the pilot was injured to the extent where hospitalization was necessary.

The local gunner, currently stationed at the Air Forces Redistribution Station at Santa Ana, Calif., is the son of Mr. and Mrs. Paul E. Gray, 4 Eddle street. He recently completed 30 combat missions and will now be assigned to a domestic station.

Local Gunner Has a Thrilling Experience On Aerial Mission

(Special correspondence to The Times-Mirror)
Santa Ana, Calif., April 12—This is the story of the "Roaring Toilet," a tired, flak-ridden 8th Air Force Liberator that didn't quite make it home on its last mission, but nevertheless managed to stay in the air long enough for the majority of the crew to bail out and reach safety.

As related by Staff Sergeant Richard L. Gray, 22, of Warren, Pa., the story begins one afternoon over Nazi-held France shortly after the D-Day invasion.

"We had just finished our bombing run on an enemy airfield," Sgt. Gray said, "when the Jerries be-

gan laying the flak right in our lap. In just a few seconds the ship was wobbling like a tired race horse. Our bombardier was instantly killed by the initial burst—the pilot was seriously hit in both legs with flak splinters—and our controls and communications were demolished."

Sgt. Gray said the "Roaring Toilet" was lurching along so badly that several members of the crew bailed out over the Nazi lines and were taken prisoner. One of these, the co-pilot, was found by advancing American troops a few months ago, in an abandoned German field hospital. Shortly before his rescue Nazi doctors had amputated his

LT. GEN. SIMPSON'S FORCES 57 MILES FROM BERLIN AND ONLY 115 FROM SOVIET LINES

Decree of Gestapo Chief Himmler Calls for Defense Of Every German Town and Home Echoes Hollowly Through the Reich

BIRTHPLACE OF NAZI REPUBLIC SURRENDERS

BULLETINS
Field Marshal Montgomery's Headquarters, April 12—(P)—Allied troops today captured Celle, German army gas training center, 20 miles northeast of Hannover, and thrust beyond the city toward the Elbe river, less than 50 miles away.

Paris, April 12—(P)—A report attributed to French sources and without immediate confirmation said tonight that Allied parachute troops had been dropped at Brandenburg, barely 20 miles west of Berlin.

By WILLIAM L. RYAN
Associated Press War Editor

Lt. Gen. William H. Simpson's Ninth Army crossed the Elbe river today, a scant 57 miles from Berlin and 115 from Russian lines, and began the push toward the devastated capital and the eventual link-up with the Red Armies, now poised for the final march from the east.

The bridgehead was established by the mighty Second Armored Division at an undisclosed point in the Magdeburg area.

To the south the U. S. Third Army was on the loose again. Two tank divisions burst ahead as much as 46 miles in 24 hours.

A decree by Gestapo Chief Heinrich Himmler calling for defense of every German town and every German house echoed hollowly through the Reich, as Prime Minister Churchill reaffirmed the policy of unconditional surrender, which he said did not exclude piecemeal surrender of Nazi units.

A front dispatch said that the Ninth Army's Second Armored, if ordered to attack Berlin, could be at the Brandenburg gate by tomorrow night or Saturday morning, unless the Germans shifted troops from the east.

Now far behind the advance, Brunswick was being mopped up. Weimar, 1919 birthplace of the German republic, surrendered today by bicycle courier to the Third Army's 80th division. Other Third Army units have captured Neustadt, and were 43 miles from Czechoslovakia. Rolling up behind the armor, infantry was 40 miles from Leipzig and 95 from Dresden.

A news blackout was partially lifted to disclose that Patton's Fourth Armored (breakthrough) division had sheared ahead 25 miles on the approaches to Czechoslovakia, and that the Sixth Armored had shot 46 miles forward toward Leipzig. A U. S. First Army spearhead was said in an unconfirmed report to be 15 miles from Leipzig in the dash to bisect Germany and link up with the Russians.

The Third Army, which captured Neustadt, 43 miles from Czechoslovakia, was on the outskirts of Weimar, birthplace of the short-lived German republic. Infantry, following up swiftly, was only 40 miles from Leipzig and 95 from Dresden.

The First and Third armies were operating under a security blackout. The reported First Army tank thrust close to Leipzig would place the spearhead within 100 miles or less from the juncture with the Russians.

The British, by German account, opened an all-out assault on the U-boats base of Bremen today. The Germans said the thrust was thrown back.

Behind the advances, Essen, in the Ruhr; Nordhausen, and Coburg have fallen. Fighting continued in Brunswick, Dortmund, Bochum, Erfurt, and other cities.

The U. S. Seventh army captured Schweinfurt, blackened ball-bearing city, the butt of many costly Allied drives, and continued its mop-up drive.

Opposite Magdeburg on the Elbe the Ninth was 115 miles from Russian lines.

In Moscow the belief prevailed (Turn to Page Eleven)

INFORMATION LETTER EDITOR IS CENSURED
Harrisburg, April 12—(P)—The senate received a committee report last night which "publicly censured" A. O. Vorse, publisher of a private information letter, for printing what the report said was "unfounded, unfair and un-American attacks upon members of the Jewish race."

Chairman John M. Walker (R-Ala.) submitted the report of an investigation of the judicially conducted committee conducted the "State News Service" and its publisher.

Insane and Leper Patients Freed By Japs On Okinawa

By JAMES LINDSLEY
Okinawa, Ryukyu Islands, April 11—(Delayed)—(P)—Retreating Japanese threw open the gates of hospitals for the insane and lepers, permitting thousands of crazy and diseased inmates to roam through the Okinawa hills, Maj. Charles G. Sweet of the American military government said today.

Sweet, whose home is in Washington, Pa., said more than 1,400 insane people and an undetermined number of lepers were turned loose as the Japanese fled northward.

Military patrols are doing their best to round up the lunatics, but language difficulties make it hard for them to tell whether natives

are sane or crazy, except in the violent or advanced cases of insanity. Many of those released are violent, said 2nd Lt. Ben Price, Birmingham, Ala., a public relations officer.

The Japanese destroyed the records of the leprosy, making it impossible to tell how many were released and difficult to continue treatment of those recaptured. A few lepers, mostly aged women, have been recognized by relatives and segregated.

Major Sweet said that without exception every insane person and leper captured has been suffering badly from malnutrition, indicating lack of care by the Japanese.

London Skeptic Over Rumors About Hitler

London, April 12—(P)—British morning papers greeted with frank skepticism today published reports that Adolf Hitler is seriously ill and has yielded his place to Heinrich Himmler.

The diplomatic correspondent of the Daily Mail recalled that Dr. Paul Joseph Goebbels is "still a good propagandist" and warned that "such stories must be treated with reserve."

"There have been indications that Himmler wasn't a do-or-die Nazi, that in certain circumstances he might try to negotiate peace," the Mail correspondent added. "If that is one of his tricks at the moment he is not likely to obtain a hearing from the Allies."

The Daily Herald's diplomatic correspondent, writing under the heading "Beware of Hitler Yarns," took a similar attitude toward the reports.

Grim Fighting Still Rages For Okinawa

By LEIF ERICKSON

Guam, April 12—(P)—Southern Okinawa's grim, no-quarter artillery battle went into its eighth day today as the Navy announced American casualties of 2,695 for the first nine days of the campaign. The Yanks were killing 11 Japanese for every American.

Japanese in the bitterly-contested southern sector hurled four determined and well-prepared counter-attacks against Maj. Gen. John R. Hodge's 24th Corps Doughboys yesterday after firing 4,000 rounds of mortar and artillery fire.

The Japanese were calling for supporting mortar fire, even though some of it was falling into their own lines.

Fleet Adm. Chester W. Nimitz again reported "no substantial changes in the lines in the southern sector."

Maj. Gen. Roy S. Geiger's Marines in the north ran into organized resistance for the first time as they pressed toward the end of the tip of the Motobu peninsula. Other Marines advanced into the mainland of northern Okinawa against only slight opposition.

Carrier and land-based planes as well as naval guns gave close support to the ground operations.

Fighters wrecked 14 Japanese amphibious tanks and 15 camouflaged boats along the southern shore. A shore battery was silenced.

Admiral Nimitz announced the 2,695 American casualties included 432 dead, 2,051 wounded and 160 missing. This count was up to midnight on Monday.

The last report of Japanese dead showed 3,009 by midnight Sunday, but much heavy fighting has been under way since then. The ratio of better than 11 to 1 still is considerably under that of Iwo Jima and Saipan. The ratio at Iwo Jima was around 20 to 1.

Soviets Sign Pact With Yugoslavia

By EDDIE GILMORE

Moscow, April 12—(P)—The Soviet Union and Yugoslavia concluded a 20-year friendship and mutual assistance agreement today and early ratification was expected at formal ceremonies in Belgrade.

The signers were Premier Marshal Tito for Yugoslavia and Foreign Commissar Vyacheslav Molotov for Russia.

The treaty contains a one-year cancellation clause whereby either party may renounce it one year before the 20-year period expires. Otherwise it is automatically valid for successive five-year periods until one party cancels it a year before expiration of any five-year period.

Pollution Bill Is Back In Committee

Harrisburg, April 12—(P)—Restrictions on industrial waste discharges into streams may be tightened up before enactment of the Brunner anti-pollution bill, it was indicated today.

House refusal to accept Senate changes in the administration measure threw it into a joint conference committee of the two branches for settlement of differences.

Sponsor Charles H. Brunner (R-Montgomery) insisted in asking non-concurrence that he was not attacking any amendments but felt the legislation should be checked carefully before going to Governor Martin.

LABOR BOARD CONFERS ON MINERS' PACT

New Working Agreement Referred to Government Stabilization Agencies For Approval

HIGHER PRICES LOOM

Washington, April 12—(P)—Moving swiftly toward consideration of the new bituminous coal wage contract agreement, the War Labor Board today summoned operators and miner representatives to an explanatory conference late this afternoon.

The new working agreement reached last night has been referred to government stabilization agencies for approval or rejection of its higher wages, higher coal price terms.

Today also was the deadline for resumption of operations at 235 mines shut down by work stoppages and seized by the government earlier this week. But early reports from the soft coal fields indicated many of the miners were not heeding the government's order to return to work.

In Pennsylvania, where the work stoppage has been most acute, the Solid Fuels Administration reported 28 mines normally employing 11,134 men still were idle and an estimated 3,000 miners still had not reported for work at pits in operation. This compared with 50 mines and 20,684 men idle yesterday.

Local unions in Pennsylvania were holding meetings with Japan in the back to work question. John Dresnick, UMW international representative said he did not expect all mines would resume on the first day of government operation.

The WLB said both operators and miner representatives had agreed to be on hand at 3 p. m. for a formal executive session "to explain their agreement in order to help the board consider the case." The meeting would be "informal," the board said.

Ezra Van Horn, chairman of the joint wage conference, said he would attend and presumably John (Turn to Page Eleven)

Forts Blast Koriyama On Honshu Island

By MURLIN SPENCER

Guam, April 12—(P)—Tokyo and industrial Koriyama on Honshu island were plastered with bombs by American Superfortresses today roaring out on a 3,800 mile roundtrip mission from the Marianas.

The Nakajima Musashino aircraft engine plant was a Tokyo target.

Returning pilots who made the 3,800 mile roundtrip flight, the longest central Pacific bombing mission to date, termed their attack "very successful." The B-29s were escorted by two Jima based fighterplanes.

Koriyama targets were not identified except as "industrial" in the city situated 110 miles north of Tokyo.

Part of the Superforts hit a second industrial target at Koriyama in the first raid on that city.

Bombing was done visually from 8,000 feet with the aid of unusually good weather, and while Japanese fighters were encountered, B-29 crewmen said they were "on the tundra side." There was no report of Superfort losses.

Tokyo radio said a fleet of "approximately 150" Superfortresses escorted by a "sizeable" force of fighter planes concentrated an attack on Tokyo's west section, while "some 50" B-29s bombed Fukushima prefecture north of the Japanese capital.

DEMOCRAT CHAIRMAN PITTSBURGH SPEAKER

Pittsburgh, April 12—(P)—Robert H. Hannegan, national chairman of the Democratic party, declared last night that "there will be no talk of a job well done or half done, or done at all, until every one of the pledges in the Democratic platform of 1944 is made good to the people of America."

Addressing a Jefferson Day dinner, Hannegan urged members of the party to "unite the American people" behind President Roosevelt's policies "to bring our country and the world triumphantly through the crisis that is still ahead of us."

Enemy Collapsing as Two Armies Drive on Berlin

The U. S. Ninth Army gained momentum in what appeared to be a photo-finish with the U. S. First Army in the drive for Berlin. Racing beyond Hannover, units of the Ninth were approaching the Nazi capital from the northwest, last reported 110 miles away. Further south, the First overran Salzgitter and were striking toward Leipzig and Halle.

Spain Breaks Off Relations With Tokyo

Madrid, April 12—(P)—Spain has broken relations with Japan in protest against the bayoneting of Spanish Nationals in the Philippines by Japanese soldiers.

A government communique, issued last night at the conclusion of a cabinet meeting presided over by Generalissimo Francisco Franco declared:

"Direct information of Spanish origin and officially confirmed leaves no doubt concerning the attack on Feb. 12 by Japanese troops on the Spanish consulate at Manila, followed by the assassination of consular functionaries and other Spaniards there, and the wilful burning of buildings, in addition to many other assassinations and deliberate destruction of the property of Spanish citizens."

"As a result of these exceptionally grave facts, the Spanish government, esteeming them incompatible with the maintenance of friendly normalcy between the two countries, has resolved to break diplomatic relations with the government of Japan, while maintaining a demand for indemnity sent Japan for the loss of life and damage caused to Spanish citizens."

In the Manila consulate incident, 250 men, women and children were bayoneted to death. The list included many members of prominent Spanish families.

BILL TO AID DAIRYMEN
Harrisburg, April 12—(P)—Milk dealers would be forced to provide milk weight reports daily to farmers instead of monthly by a bill passed unanimously in the house and sent to the senate. Sponsor Daniel Erb (R-Blair) said the measure is necessary to prevent farmers from being "cheated out of several hundred pounds of milk a month."

Milk Price Hike In State Proposed
Harrisburg, April 12—(P)—Higher prices for milk producers of 12 Pennsylvania marketing areas were proposed today by the State Milk Control Commission.

The agency issued orders fixing what it termed "producer necessary prices" to maintain an adequate supply of milk. The schedules are effective April 16.

Commissioner H. N. Cobb, however, said there is "definitely no chance" of approval by the Office of Price Administration and the state will continue to enforce present OPA ceilings.

"We wrote the prices that should apply," declared Cobb, "but we are limited by the OPA and apparently their orders supercede ours."

Retail prices must be increased or the federal government must hike subsidies to producers to maintain an adequate supply of milk, said the commission in proposing a boost in consumer rates from 14-15 cents a quart to 17 cents.

Boy Killed Riding A Birthday Bicycle

Pittsburgh, April 12—(P)—Carl Huff, Jr., would have been 9 years old tomorrow—Friday, the 13th.

But he couldn't wait for his present, a bicycle, so his parents gave it to him yesterday.

Last night, taking his first ride, he was struck by a truck and killed.

Martin Warns Of Tax Hike For Subsidies

Harrisburg, April 12—(P)—Governor Martin informed the general assembly today that new state taxes would be required to finance pending legislation boosting teachers' salaries and school subsidies.

There was immediate objection from both Republican and Democratic sides of the house when the governor's message was read. It also included recommendations for additional appropriations of \$13,430,000.

Rep. Ellwood J. Turner (R-Delaware) said the house itself should (Turn to Page Eleven)

Two Airfields Near Leipzig Are Attacked

London, April 12—(P)—German plane losses in the last six days mounted to 989 today when 11 American Thunderbolt pilots strafed two airfields near Leipzig where 350 gasless aircraft were parked.

Co. I Member Transferred To Rangers Dies In Action

Serving with the Second Ranger Battalion in Germany, T/Sgt. Lester G. Arthur, 24, of Akeley, was killed in action on March 9, according to word received by his parents, Mr. and Mrs. Clyde J. Arthur.

Sgt. Arthur was a member of Company I, 12th Infantry Regiment, when it left Warren in February, 1941, and accompanied the unit to Indiantown Gap, Camp Livingston, La., and Camp Gordon Johnston, Fla.

Leaving the 28th Division to join the Rangers, he was transferred to Camp Forrest, Tenn., and from there to Fort Dix, N. J., going overseas in November, 1943.

For heroism in the D-Day invasion of Normandy, he was awarded the Silver Star and, with others of his group, the Presidential Unit Citation. He had been awarded the Purple Heart and cluster for wounds received while serving in France and Germany.

He attended Russell High School, was a member of the Akeley Methodist church and active in its Youth Fellowship. He was also a member of Akeley Grange, No. 870.

Besides his parents, he is survived by three sisters and seven brothers: Mrs. Wesley Weisbrod, of Arnold, Pa.; Allen, Bob, Harold, Curtis and Norman Arthur, all of Akeley; Clyde, Jr., of Buffalo, N. Y.; T/Sgt. Richard, serving with the Medical Corps in France; also his paternal grandmother, Mrs. Elvora Arthur, of Akeley.

BATTLE ROARS NEAR CLIMAX FOR CAPITAL

Fall of City Only Matter of Hours As Mopping Up Of Last Enemy Resistance Progresses

STORM ACROSS DANUBE

By RICHARD KASISCHKE
London, April 12—(P)—Marshal Fedor Tolbukhin's Third Ukrainian army has punched a big hole in German defenses west of Vienna, Moscow dispatches said today, and Berlin reported Soviet armor had reached a point between Krems and Melk, 115 miles from Berchtesgaden.

Soviet troops virtually completed the occupation of Vienna, and dispatches from the Russian capital said "Moscow's guns may salute the freeing of the ancient Austrian capital tonight."

Northwest of Bratislava the Russians were fighting within sight at least of the Vienna-Brunn highway, last escape route for the Germans northward out of the capital.

Moscow dispatches said the encirclement had been completed. Berlin said Soviet gunboats were putting tommyguns ashore in the rear of German troops still fighting on the nine-mile long island in northern Vienna between the river and Danube canal.

The German commander on the Berlin front was reported by the German radio to have issued an order of the day to his troops warning that the zero hour for the city, by Marshal Gregory's army's First White Russian Army troops, his bases along the Oder could be expected at any time.

The German communique said Gen. Lasch, commander at Koenigsberg, had been court-martialed for cowardice in surrendering the East Prussian capital and sentenced to death in Absentia.

Berlin said Tolbukhin's forces had reached the Danube bend 42 miles west of Vienna and 12 miles west of St. Piter.

The Berlin radio said Soviet armor reached a point between Krems and Melk, 50 miles from Linz, 75 miles from Bavaria and little more than 75 miles from Berchtesgaden, mountaintop retreat of Adolf Hitler.

Fall of Vienna appeared to be only a matter of hours as mopping up of the last enemy resistance progressed rapidly inside the vital city of the greater Reich.

Russian shock troops yesterday stormed across the Danube canal inside the capital, gaining control of half the nine-mile-long island between the canal and the river where the Nazis were making a final stand.

Nine-tenths of the major part of the city south of the Danube already was in Russian hands.

Northeast of the capital the Russians slashed one of the last German escape routes—a secondary railroad running north to Lundenburg and the Czechoslovak city of Brunn (Brno).

In Czechoslovakia, meanwhile, the Second and Fourth Ukrainian armies linked up in the Carpathian mountains and cleared a supply road from Poland to the Vienna front.

UNION LEADERS ARE SENTENCED IN COURT

New Cumberland, W. Va., April 12—(P)—Judge J. Harold Brennan of Hancock county yesterday sentenced 14 of 15 members of the CIO-United Steelworkers of America who were convicted of unlawful assembly and disturbing the peace while soliciting membership in their union at the gate of the Weirton Steel Co., Weirton, March 30, 1944.

Counsel for the defendants filed appeals from the sentences and convictions with the state superior court.

BULLETINS

London, April 12—(P)—Heinrich Himmler, commander of the German home army and Gestapo chief, issued a decree today declaring that "no German city will be declared an open town." DNE announced in a Berlin broadcast.

Calcutta, April 12—(P)—Tanks, artillery and infantry of the British 14th army, in sweeping sorties Tuesday through central Burma south of Meiktila, killed 1,029 Japanese. Allied headquarters announced today.

San Francisco, April 12—(P)—About 80 Allied carrier planes raided three major cities on northern Formosa for two hours today, the Japanese Domei news agency reported.

'Little Miss Muffet' Engaged

Shirley Temple, above, who will be 17 years old April 23, is all smiles for her fiancé, John George Agar, 24, Air Force sergeant, following public announcement of their engagement. Mr. and Mrs. George Temple, the young star's parents, who said the couple would not marry for another two or three years, made public her betrothal when the actress' classmates noticed her wearing a diamond ring. Sergeant Agar, formerly of Chicago, is the son of Mrs. Lillian Agar, Beverly Hills, Calif.

Stray Leaves From Notebook Of Reporter About Town

The storms of wind and ice and sleet that have swept over this community in the last few years have certainly socked the trees in Gen. Joseph Warren Park fore and aft. The old trees have been torn badly but still make this one of the beauty spots in town. All of which reminds that Burgess Rufus P. King had a big hand in making the park attractive. Prior to the time he was burgess a row or two of hitching posts filled this triangle. Farmers who came to town hitched their horses there while they did their tradin' with

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a youngster— Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smearing and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Kiwanis Club Learns About Rouse Hospital

Stanley Laurence, superintendent of the Rouse Hospital and Farm at Youngsville, was guest speaker for the meeting of Kiwanis Club held at noon Wednesday at the Hotel Carver.

Beginning with a brief account of the legacy of Henry Rouse which made possible this home for the county's poor, Mr. Laurence spoke of the farm equipment, livestock and other products of the 600-acre tract, and its present census of 80 residents. With much of the time devoted to questions and answers, a great deal of valuable data concerning the home was brought out by the speaker.

Dr. A. Jack Pickard, dentist, was introduced as a new member and greetings were extended to guests, James Gilliland and George Keeley, both of Oil City.

James A. Blomquist gave a good report on progress of the National Clothing Collection and Carl Peterson announced a meeting of the Home Front News committee at his home next Monday evening.

FUND OVERSUBSCRIBED
Methodists of the nation have over-subscribed their \$25,000,000 goal by raising \$26,040,749 for the denomination's post-war relief and reconstruction fund, Bishop J. Ralph Magee, national director of the Crusade for Christ, announced from the headquarters' office today. Of the total, completed from reports made by the church's 563 district superintendents, more than \$11,000,000 has been paid in cash, with the balance in pledges, payable during the next ten months.

NO PAYMENTS HERE
Not a single unemployment compensation payment was made in this city during the week just ended. Corry and Warren being the only towns in District No. 1 with such a record. Total payments in the district amounted to \$3,386. Two weekly payments of \$20 each in adjusted compensation for returning war veterans were made during the period in this city, the lowest amount of any town except Meadville where there were none. Such payments were highest in St. Marys where they totaled \$30 for the week. The total for the district was \$1,614.

Without Stomach Relievers

To Get Happy Relief from Gassy, Bloating, Tight-around-the-Waist Misery You May Need This Kind of Laxative Help

When most food leaves the stomach, it is by no means fully digested. It is in fact, a soft, or more, of intestines, that the greater part of digestion is done. Among the vital digestive organs that work in the intestines, the liver bile is one of the most important—especially vital to the digestion of fats. Unless the liver bile flows a "whirlpool," digestion of fats slows down. Food decays in bowels. You may get constipated and feel full of gassy, bloated, indigestion misery. That's when you need Beecham's Pills. They help get the bile juice flowing freely, which helps you digest and eliminate in that easy, happy way. LUDLOW

Ludlow, April 9—The Moriah Lutheran choir presented an Easter Cantata on Sunday afternoon at four thirty o'clock entitled "Morn of Victory". It was directed by Mrs. Emil Nelson, choir director and accompanied by Mrs. Enoch Nelson, church organist. Soloists for the Cantata were Miss Elizabeth Hess, soprano, and Mrs. L. B. Connelly, mezzo soprano. The offertory solo, "Open the Gates of the Temple", was sung by Mrs. Emil Nelson. The offering amounted to twenty-two dollars and seventy-eight cents, which is to be used for church music.

The new schedule for regular services every Sunday morning began on Easter Sunday and the first Swedish service on that schedule was given April 8th. There will be English services every Sunday at eleven o'clock and every second and fourth Sunday Swedish services will be held at twelve o'clock directly following the English service. The Sunday school will begin at ten o'clock each Sunday. The Junior choir sang "God Sent His Angels to Earth Again" at the English service.

The Junior Choir under the direction of Mrs. Emil Nelson practiced once a week and will soon begin a splendid repertoire. This group is composed at the present of sixteen girls from nine to fifteen years of age. At their last practice, the following officers were elected:

President, Louise Draty.
Vice president, Allene Johnson.
Secretary, Joyce Nyström.
Treasurer, Joanna Johnson.

The Lutheran Young Women's Missionary met on Thursday evening in the church parlors with Mrs. Homer Gilfert conducting the meeting. The program theme was "Missionary Work in America Today". An article, "My Thirty Months in a Jap Prison", by Lt. Madeline Ullom taken from the Woman's Home Companion, was read by Miss Edith Larson. Several interesting letters were read by Miss Tillie Olson which were written by Miss Eckstrand, Augustana missionary recently released from the Philippines. The program for the evening was conducted by Mrs. Lawrence Olson. Mrs. Clyde Gilfert and Mrs. Leroy Johnson. The meeting closed with a hymn and benediction.

The Ladies' Aid of Moriah Lutheran met on Friday afternoon in the church, with Mrs. John G. Johnson and Mrs. Chas. Johnson as hostesses. The president, Mrs.

TYPICAL STORY

The War Price and Rationing Board in Westfield, N. J., has a volunteer price panel, just as similar boards do in most American communities. That is, it did have a volunteer price panel. For the other day that group of representative, public-spirited citizens resigned en bloc.

And why? Well, not because the bureaucrats in Washington were driving honest merchants out of business, nor because OPA regulations were unfair, unenforceable and incoherent. No, they resigned because price control hadn't worked in their territory, "principally due to the disinterest and lack of cooperation by the general public."

Their statement told of two years' effort to enlist merchant and consumer support. And it stated their conclusion that "while most consumers admit that price control is necessary, they are unwilling to make any personal sacrifice to make it work. Too many people are willing to pay prices over the ceiling to obtain what they want."

A similar story might be told in almost every town and city in this country. Put them together and you would have the complete story of the black market, and most of the story of our civilian shortages.

We may berate the OPA for its mistakes and unreasonableness, and much of it might be justified. But we can't dodge the fact that if people weren't willing to pay outlandish prices to avoid the simplest wartime sacrifices, there would be fewer sacrifices asked of all concerned.

It doesn't help to say, "I don't see why I should try to help when the government has made such a mess of things." The government's rationing idea is a mess of right. Cussing the OPA to save a bad conscience is a transparent and unworthy subterfuge.

STORIES ABOUT HITLER

As stated in an Associated Press dispatch in Wednesday's issue, London has heard a report that Hitler has been assassinated—a story which unfortunately has found no confirmation.

There's another report of a split in the Nazi party. It's said the fuhrer is being thrown over in favor of Gestapo Chief Himmler, the bloody minded wholesale murderer. To this a British spokesman has replied that the foreign office is operating on the theory that the fuhrer still is in control, with Himmler in command of defense forces. The spokesman added that all sorts of stories are going the rounds about Hitler, all of which could be true but most of which probably are not.

Positive knowledge of Hitler's passing certainly would have a vast repercussion. General George C. Marshall, U. S. army chief of staff, recently told the senate military committee that death or capture of the Nazi chief would contribute tremendously to a collapse of the German military machine.

Six years before Pearl Harbor Baron Kantaro Suzuki, one of Japan's elder statesmen, had what might be called a private and painful preview of that event. Some members of the Tojo-Koiso military clique walked in on him without warning and shot and very nearly killed him. Now the aged Suzuki has replaced Koiso as top dog in the Japanese government. It may not mean that the Japs are any closer to giving up. But it might indicate that the enthusiasm in high places for Jap militarism is going to be of a slightly more temperate nature.

Wealth is relative. You can make somebody feel immensely rich by donating your spare, used clothing. Yes, you can help the suffering war victims who have been reduced to the most threadbare, patched and ragged covering for their undernourished bodies. Give your still serviceable clothing to the Warren Kiwanis Club United National Clothing Collection now under way.

Don't get excited over false rumors of the end of hostilities in Europe. An eight-minute blast on the sirens after the news is officially received in Warren will be the bonafide signal.

There is only one place where running things into the ground brings growing interest—the Victory Garden.

Washington In Wartime

By MAX HALL
(Substituting for Jack Stinnett who is ill)

(Second of three columns on the coming seventh war loan drive.)

WASHINGTON—Why will you be asked to buy more bonds in the seventh war loan than you have bought in any previous drive?

You have a right to an answer. It's your money.

Officials of the Treasury's War Finance Division talk about the seventh war loan in these terms:

The cost of war is not declining. In January and February, war expenditures were actually higher than in the same two months a year ago.

The income of the people remains at a dizzy level.

Goods available for civilians are getting scarcer. That puts more loose money in people's pockets. The more of this sort of money there is, the harder it is to control prices and keep inflation within bounds.

That doesn't mean we are to buy bonds simply as an anti-inflation measure. The big aim is to pay for the war.

THE cost of the Pacific war will be tremendous, and Treasury officials say that when Germany folds up war expenditures won't drop as much as many people think.

If Germany should collapse before or during the bond drive (May 14-June 30), the Treasury can't and won't change its plans. War costs will still be high. Be-

highway, which heretofore was under supervision of the state highway department, has now been turned over to the respective townships for maintenance.

'Smoking Out' the Smokes

Waiting in line for cigarettes and cigars is nothing new to Americans, but the civilians of Frankfurt, Germany, in the wake of the advancing U. S. Third Army, grew tired of waiting for the dealer to hand out smokes and are climbing the transom . . . presumably adopting "serv-ur-self" system.

100,000,000 LB. RISE IN FAT SALVAGE ASKED BY KRUG

Chairman of War Production Board
Urges American Women to
Greater Effort in Saving
Kitchen Grease

"The salvage of used household fats is vitally important to our program," says J. A. Krug, Chairman of War Production Board.

J. A. Krug

"Fats are used in hundreds of industrial plants engaged in metal working, textile manufacturing, leather processing and synthetic rubber production. They are also required in certain mining operations and in the production of special lubricating oils and greases. Used household fats also help to assure us at home of supplies of medicines, soap and many other essential civilian items," Mr. Krug declared.

"Our requirements for 1945 are greater than ever before. We need a minimum of 100 million pounds more of used household fats than were obtained in 1944.

"I urge housewives to greater efforts," Mr. Krug said. "Every ounce of fat that is salvaged and turned in will help toward meeting our production requirements."

Bert Loses the War Single-Handed

Bert Childer's house burned down last week, and the only good thing that came out of it was it cured him of swearing. Bert just couldn't think of words to fit the occasion, so he just gave up.

Bert admits it was his own fault. Started with a field fire which he thought he had under control, and when he turned his back a minute for a breathing spell, the fire sprung up twice as fierce. By the time the firemen arrived, there wasn't much that they could do.

From where I sit, there's a moral in Bert's experience. A lot of us feel we've got the fires of this war under control... that we can relax a little, maybe let up on buying bonds, donating blood, or fighting inflation.

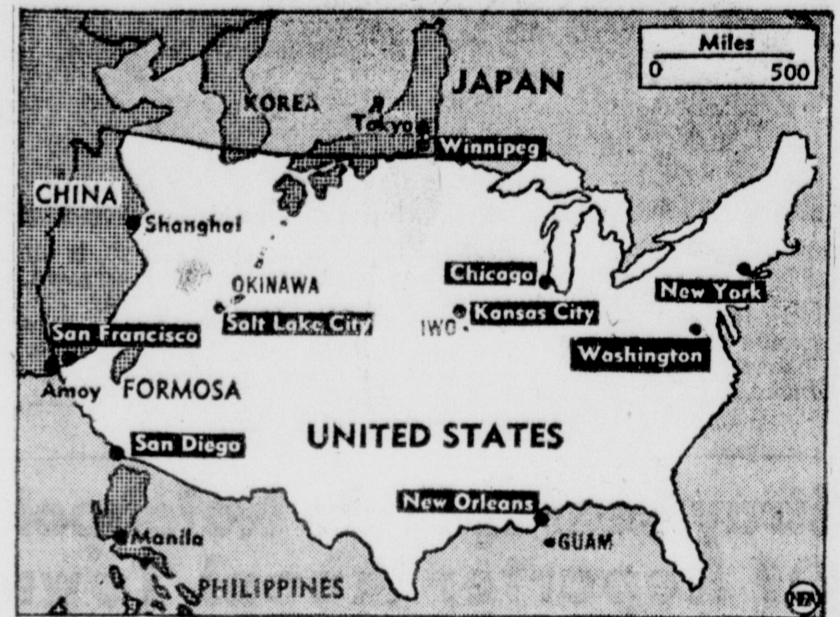

Just like Bert lost his fight against the fire, we can lose this fight against our enemy if we let down now. Because war, like fire, is never over till the last spark is extinguished.

Marine Sgt. Young Given A Decoration

A delayed dispatch, datelined Somewhere in the Pacific, brings the news that Marine Gunner Sergeant Harry A. Young, 26, has received the Bronze Star Medal from Col. G. A. Williams. Son of George Young, of Sheffield, the Marine, who holds the Purple Heart and Gold Star, received the new decoration for courageous demolition of Jap machine guns with hand-thrown explosive, charged during the Battle for Saipan. The Marine also fought at Tarawa and Tinian.

The citation accompanying the medal states: "When the company to which Sergeant Young was attached was pinned down by heavy enemy machine gun fire, Gunner Sergeant (then a sergeant) repeatedly exposed himself to this fire in order to throw demolition charges into the enemy machine gun nests.

"His utter disregard for his own personal safety enabled him to demolish two enemy machine guns and made it possible for the company to continue to advance. Gunner Sergeant Young's heroic achievement and devotion to duty were in keeping with the highest traditions of the United States Naval Service."

F. G. Pierce Soon To Reach 20-Year Mark

Franklin G. Pierce, son of Mrs. R. L. Pierce, of North Warren, has been promoted to ensign in the United States navy, while serving aboard one of Uncle Sam's newest aircraft carriers on duty in the Pacific.

Ensign Pierce will complete 20 years of active duty in the navy on June 4 and his entire service has been in connection with the hospital corps. Besides serving on his present ship, he has seen duty on the battleship USS Maryland and the cruiser USS San Francisco.

He wears the American defense ribbon, American theatre of war ribbon, the Asiatic-Pacific theatre of war ribbon and the navy's good conduct badge.

SHOULD MANAGEMENT BE UNIONIZED?

A Statement by General Motors

THE POSITION OF FOREMEN IN GENERAL MOTORS

In General Motors, foremen are the MANAGERS of their departments. They participate in establishing management policies in both production and personnel matters. They have full authority to approve or disapprove the hiring, to supervise the work, and to make work assignments of the employees under their supervision. They initiate wage increases, transfers and promotions. They are directly responsible for the efficiency and safety of their group. They have full authority when necessary to take immediate, appropriate disciplinary action for violation of shop rules, and other improper conduct of their employees. They are the first point of management contact and make the first management decision on all matters relating to the employees under their direction.

THE National Labor Relations Board has ordered a bargaining election among the foremen and other supervisory groups of a Detroit automobile company. This company is not a part of General Motors, but we are concerned with the principles involved.

This confusing action by the Board means that it is sanctioning and promoting the unionization of management personnel, in spite of the fact that the National Labor Relations Act includes as an employer "... any person acting in the interests of an employer directly or indirectly."

We are sure that Congress did not intend to approve unionization of management when it passed the Act.

The results if applied throughout industry would be bad for the management groups involved, bad for industry, bad for labor, bad for America.

Bad for Foremen

We think it would be bad for foremen if American industry should be compelled to make a change in its proven type of organization, which would unavoidably reduce the foreman's status, diminish his responsibility, authority and influence, decrease his opportunities for personal advancement.

In General Motors, foremen have always had important responsibilities and authority.

We have always guarded the status of our foremen, and have provided special training to improve their abilities, increase their efficiency and enhance their opportunities for promotion to even more important management positions. The great majority of General Motors' principal executives at one time were foremen.

We are convinced that it would be impossible for a foreman to follow both management and union leaderships at the same time, and under those conditions to carry on all his duties as they now exist. All elements of management must have a common objective.

It would obviously be impossible, for instance, for him as a fellow unionist with those under him, to perform his functions which relate to their working conditions, wages, promotions and assignments on the unbiased basis which is essential to good management.

Bad for Industry

From our experience both before and during the war, we are certain that the

accepted American method of spreading managerial authority and responsibility among foremen—so that management is in close, direct contact with comparatively small groups of workmen—is the best and only sound method of handling day-to-day relations with the thousands of employees engaged in modern mass production.

Anything which would require a change in this set-up would interfere with employer-employee relations and with production.

For example, there have been many strikes in war production plants, particularly in Michigan. Charges have been made that workmen have been loafing in plants engaged in war production and that they are being paid high wages for not working. We are conscious that the public feels that there must be something wrong. The attempt to tear down the position and authority of foremen and to unionize members of management is importantly contributing to this condition.

Bad for Labor

As a matter of fact, the close-contact method is about the only way that man-

agement and labor can work harmoniously together in large organizations. Much is said these days about cooperation. It would be a serious handicap to any hopes for teamwork and the pursuit of common interests, if anything were done to remove this facility for knowing and understanding each other.

It is our firm, sincere belief that loss of this close contact would make harmonious relations between management and labor almost impossible and would interfere with practical collective bargaining.

Bad for America

The removal of foremen from their present position as a vital, integral part of management would require reorganization of factory management on a basis far more complicated and decidedly less effective. Necessary factory discipline would suffer, worker efficiency would be impaired.

We believe the effect on you—on the public as a whole—would be very real. It would interfere with the war effort. It would make war materials cost more. It would slow up postwar reconversion to civilian production.

It would delay adequate postwar output of cars, refrigerators, ranges, furniture—all the things people need so much and have waited for so long.

Finally—and, in the long run, perhaps most important of all—it would so increase production costs as to boost prices and the cost of living, and make the problem of reasonably full employment much more difficult.

Action Called For

When people have as deep a conviction about anything as we have about unionizing management, they ought to do something about it.

If the meaning of the National Labor Relations Act can be so confused as to promote unionization of management—and thus impair the effectiveness of the American production system of which we are all so proud—then the meaning ought to be cleared up.

General Motors believes—and hopes others will feel the same—that it is a patriotic duty, a duty to the foremen, to industry, to labor, and to the public as a whole—to oppose the unionization of management by every proper and lawful means.

That is our intention.

In Concert Here

Members and friends of St. Paul's Lutheran church will hear the above group, choir of the Lutheran Bible School of Fergus Falls, Minn., in concert at 8 p. m. Friday.

The choir of the Lutheran Bible School of Fergus Falls, Minn., will sing in concert at St. Paul's Lutheran church at 8 p. m. Friday. It has been well received wherever it has appeared and those in charge are confident that its program will be appreciated by all who hear it. No admission will be charged but a freewill offering will be asked.

This year the choir is traveling from Fergus Falls to Massachusetts and back in a three weeks tour, staying in New York for four days and presenting a concert each evening in various churches.

The Bible School Choir is composed of 32 students representing the high school, bible, commercial and seminary departments of the school, and many states, including North and South Dakota, Minnesota, New York, Montana, Iowa, Wisconsin, California, Illinois and Alaska.

The program of choral singing

will include a negro spiritual and two Norwegian songs. Not only does the group sing as a mixed choir but as ladies' and men's groups singing two numbers each. Expected to accompany the group here for its presentation is President E. M. Strom, who will give a gospel meditation.

The director Prof. William Windahl, has been music instructor at the Lutheran Bible School for the past 13 years and has turned out many fine choirs. He received his bachelor of music degree from the McPhail School of Music at Minneapolis, and has had many years of experience as a choir director.

This is the 12th annual tour of the choir and is the first to the east coast since 1937. The choir is widely known in the middle west and enjoys a fine reputation for inspirational singing. Its concerts provide an evening of very worth while music that will be enjoyed by all.

Roberti - Gigliotti Rites Performed In Saint Joseph's

Mr. and Mrs. Sam Gigliotti, Sr., 20 Pine street, announce the marriage of their daughter, Josephine, corporal in the WAC detachment at Indiantown Gap, to Barney Roberti, son of Mr. and Mrs. Anthony Roberti, of Springfield Gardens, N. Y.

The ceremony took place at 9 a. m. Saturday, April 7, in St. Joseph's church, Father Alfred Bauer officiating. Kathleen Simmons, organist, played the traditional wedding numbers and accompanied the soloist, Mary Scallise who sang "On This Day, O Beautiful Mother". The bride wore a fingertip veil with gown of white satin and lace and carried white roses. She was given in marriage by her brother, Julius Gigliotti, and attended by her sister, Rose, who carried an arm bouquet of red roses and wore

a matching headband with a flock of blue marquisette.

Morris Annis, of Jamestown, N. Y., brother-in-law of the bride, was best man for Mr. Roberti.

A reception followed at the bride's home, where 30 guests were greeted by the couple and mothers of the principals. Both were attired in ensembles of navy blue and white and wore shoulder corsages of red roses. Guests included Mr. and Mrs. E. Magnio, Mr. and Mrs. Morris Annis, Jamestown, with relatives of the bridegroom from Long Island.

The bride, graduate of Warren High School in the Class of 1942, entered the Women's Army Corps in October of 1943. Mr. Roberti has been honorably discharged from service following active duty in Africa.

Preparing Acts For Gay Nineties Party Floor Show

Several young people have already prepared acts for the "Gay Nineties" floor show auditions for the next community young people's party which is being planned for Saturday evening, April 21st.

The floor show theme has aroused wide interest among the teen-age young people and the Committee on Community Recreation hopes to present an especially entertaining show. The Men About Town Orchestra will again furnish the music.

Auditions for anyone in the teens who wants to try out a number will be held Saturday morning at ten o'clock in the Beaty school auditorium. Tryouts will close at 11:30, although special auditions may be scheduled by making arrangements with Olive Archibald Huff or Teresa Fino.

The committee is looking for singing numbers, particularly in Gay Nineties costume; dancing acts; comedy features and any other specialists which would be attractions for the period floor show.

Co-chairmen for the next party are Duane Wilder and Teresa Fino. They have been setting up the committees, with the assistance of the committee chairmen. This week, new volunteers are always welcome and anyone who is willing to assist in any committee is asked to get in touch with one of the Committee on Community recreation members.

At Saturday night's party thirty young people appeared in floor show and auditorium performances and over 200 served on committees. New talent and new committee personnel are always welcomed.

EMERSON SPICERS HAVE ANNIVERSARY

Lander, April 12—About 35 friends and neighbors gathered Tuesday evening at the home of Mr. and Mrs. Emerson Spicer, Sr., to help them celebrate their silver wedding anniversary. The affair was arranged by their daughter, Mrs. Kenneth Ekey, of Warren, who was present with her husband and son.

The evening was spent with visiting and music, the honored guests receiving lovely gifts, including a purse of money from the group and flowers from Pfc. Emerson Spicer, Jr., in Washington, D. C. A large wedding cake, decorated in pink and white and a gift of their daughter, Mrs. Ekey, was the center of attraction for the refreshments.

Out of town guests were Mr. and Mrs. Albert Anderson, Mr. and Mrs. Clarence Kittinger, Mr. and Mrs. John Lawson, Warren; Mr. and Mrs. Edward Miller, Mr. and Mrs. Virgil Williams and children and Charles Williams, Akeley. Other guests were neighbors and friends from their own community.

SUCCESSFUL PARTY

AT ST. JOSEPH'S
Reports from the young people's dance held at St. Joseph's hall on Sunday evening indicate the function was a very successful one and Bob Pascuzzi is the richer by \$10 as the result of winning the special prize offered. The floor shows offered were very good and, all in all, the committee seems to fully deserve the commendation showered upon it.

Mozart Program Greatly Enjoyed By Philomel Club

Philomel Club members enjoyed an unusually fine meeting in the music room of the Woman's Club Wednesday afternoon, occasion of the annual exchange program by the Mozart Club of Jamestown.

Mrs. Mayme Ekey, club president, welcomed the visitors and presented Mrs. S. Miles Euton, Mozart president, who urged that all members who could do so would come to Jamestown for the return program on May 5.

Program numbers were the Jewel aria from Gounod's "Faust," sung by Mrs. Lillian Fairchild Jesso; three movements of the Concerto in G Minor by Mendelssohn, with Miss Leola Fairchild at the first piano and Miss Anna Knowlton at the second; Children of Men by Sidney King Russell, April Goes a-Walking by Stanley Dickson and A Picture by Pearl Curran, by Mrs. Myra Lovejoy.

Concluding, tea was served from a table beautifully centered with calla lilies and white candles in silver holders. Mrs. Harry A. Logan and Mrs. Allie Russell presided.

SYLVANIA GROUP PLANNING BENEFIT

An old fashioned round and square dance is to be held Friday evening in the Eagles' hall by the UE-Sylvania organizing committee, the North Warren Troubadours playing and Sid Fitzgerald calling the figures. To round out the bill, there will be a cake walk and a "guess cake" for those who want to enter into the fun.

This is to be a benefit affair, the entire proceeds to be turned over to the camp and hospital committee of the Red Cross, to be used for providing needed articles for the wounded veterans at Deshon Hospital in Butler. Tickets may be had from the committee in advance or may be purchased at the door.

BURBEY-LINDBERG RITES ANNOUNCED

Mr. and Mrs. William Lindberg, of Sheffield, announce the marriage of their daughter, Virginia Margaret, to Curtis Markham Burbey on April 29, 1944, in Bowling Green, O.

Mrs. Burbey is a graduate of the 1938 class of Sheffield High School and of Erie Commercial College and for the past five years has been employed by the Fisher Body Division accounting department.

Mr. Burbey is a co-pilot on Pennsylvania Central Airlines, and previous to his honorable discharge, was a flight instructor in the United States Army Air Corps. The couple reside at Detroit, Mich.

SWEDISH CLASS

Members of the Swedish class just concluded at the YWCA have planned to go to Jamestown on Saturday night of this week for a smorgasbord and those who have not already made reservations are asked to call Mrs. Creed Erickson, 3076, for details.

Sen. Chapman Sirens Will
Spoke Before Blazon Fall Of
GOP Banquet Hun's Empire

State Senator Leroy Chapman of this district was a speaker last evening at a dinner in the Penn Harris Hotel at Harrisburg. The dinner was given by Congressman Edward L. Stokes, of Philadelphia for Republican leaders of the state and was attended by Gov. Edward Martin, State Chairman Harvey Taylor and other state officials.

Senator Chapman spoke on "The Best Method by Which the Republican Party Can Return to Power in the Nation". He suggested in part that the GOP must continue to be recognized as the conservative party in the state and nation in whose policies business and the people have faith. It must cease endeavoring to emulate New Deal in spending and legislation. It is important that the leaders know the mind and thoughts of the common people and Sen. Chapman suggested that a survey be made to ascertain their wants and desires.

There must be new and younger faces in the party, their ability must be recognized and they must have offices. Their capabilities, wants and wishes must be recognized.

A return to the system of conventions for the nomination of party tickets was urged and Dr. Chapman drew attention to the fact that in the 1931 and 1933 sessions he introduced legislation to that effect but it failed of passage.

A strong post war program should be formed as the New Deal has no such program and the United States today does not know where it will stand in the post war period due to the visionary and vacillating leadership.

The GOP, in the opinion of the speaker, must be divorced from big business or labor or any pressure group and must aim to become the party of the people.

In closing he suggested "We must have an honest, intelligent leader, whom the people will follow, a man who means what he says and says what he means. We must know what the common people want and give it to them. The common man whether or not he belongs to a union is just as patriotic, honest and actuated by a desire to see their families have an opportunity to live and advance in life. How can we obtain the pulse of the people 'Over the Nation'? In my district I know the common people and they come to me with their problems and I try to fulfill their wishes. They have confidence in me because I have confidence in them."

Presbyterian
Congregation
Has Meeting

In the annual business meeting of the First Presbyterian congregation, held last evening in the church, the following were elected to three-year terms of office:

Elders, Ralph W. Whitehill, Ray C. Pickett, H. L. Banghart, F. A. Beardsley, Carl R. Barker and Basil H. White; deacons, Mrs. Warren R. Carlin, Nestore Bartholomew and Lloyd Smith; trustees, George L. Craft, W. T. Corbett and R. W. Steber.

Edward W. Johnson was named to the office of treasurer and the following were named as auditors: Torsten Milenius, Brackett Ayers and Edward C. Walker.

Members of the worship team of the PAK's Club "17" were in charge of the devotional period, with Charles Cochener accompanying Charles Sires for a vocal solo and Helen Claire Huling, Nan Schwartz, Ruth Ann David and Allan Woodruff participating.

To conclude, the Woman's Aid was in charge of a fellowship hour and refreshments served from a table prettily centered with spring flowers and presided over by Mrs. John McLaughlin and Mrs. C. P. DeLong.

In line with requests from the Warren County Defense Council and others in the state the State Defense Council has given permission for the use of the air raid sirens in announcing the fall of Hitler's murderers. The sirens can be sounded on receipt of official word from the President or Secretary of War.

Arrangements have been made in Warren by the V-E Day committee for the sounding of the sirens as the official word is received here. The Times-Mirror will give the word for the sounding of the sirens following receipt of the flash on the Associated Press wire. No attention will be paid to radio reports as there have been so many errors, garbled reports, etc., on the air that only the word from the Associated Press will be recognized as official here.

The committee in co-operation with the Defense Council of the county arranged to sound the sirens continuously for eight minutes when the news arrives that organized resistance in Hunland is ended. There will be no breaks in the wailing of the sirens as has been customary in air raid alarms.

GARBAGE COMPLAINTS

Complaints are coming into the office of Health Officer R. N. Brown and he asks that warning be given. Garbage must not be scattered on the streets and now that dogs are not allowed to run at large the excuse that dogs upset the can does not hold. Garbage must not be thrown in the streams in the vicinity and violations will be severely punished.

CARD OF THANKS

We wish to extend to friends and neighbors our sincere thanks and appreciation for the many expressions of sympathy and flowers during the illness and death of our dear husband and son, Mrs. Dorothy Gustafson and Sons, Mrs. Albert Gustafson and Family.

Chapter 5
THE man and the girl were silent... listening. Then, distinctly, they heard footsteps coming closer to the office. They came so near it seemed to Christopher they stopped on the other side of the wall where he was sitting. He even imagined he heard heavy breathing—

Motioning to Brenda, Christopher suddenly started talking in a rather loud voice as he stepped cautiously around the desk and out toward the front of the office. "I have a Memo from Miss Young. I came to tell you about it." From the doorway he motioned to the girl to continue talking. He slipped out of the door and through the little swinging gate, and then crouched behind the tiger, waiting for the outside of the wall near which he was sitting when the footsteps stopped. He was only a dozen feet from the spot—but no one was near the wall. Minutes passed as he waited. Shadows closed down on him—but nothing moved, no sound came from the echoing fu salon. He could hear Brenda's voice. She was holding an imaginary telephone conversation with someone—after a few minutes he came back into the office, shaking his head as he slid into a chair near the desk.

"No one was out there," he whispered. "Let's forget the shipment for a few minutes—" He raised his voice to its normal pitch. "Eve Young should have been here today to get you started in your new department. She told you, of course, that she was going to New York."

"NEW YORK!" Brenda exclaimed incredulously, her face showing complete surprise. "Why?" She didn't say anything to me about leaving town. I talked to her last night, when she gave me final instructions about the new position I was to take over this morning.

So that's where she's been all day! Why didn't Miss Sullivan tell me?"

"I wouldn't know—I only work here." He grinned at her. "In case you are interested—she is in New York tonight." Christopher's voice was now distinctly cheerful. "She is going to be married and she isn't coming back until after the fur sale is over. Period."

He was watching her—thinking how hard it was to read those inscrutable grey eyes looking at him beneath dark curling lashes. La Young certainly had one thing to check off to her credit. It wasn't often these hectic days a buyer had the God-given sense to pick such a heart-warming bit of glamour for an assistant. That lovely pink flush was staining her cheeks again. The irritation with the world he had felt since he left the Duchess began to evaporate. Christopher drew his cigarette case from his vest pocket and held it out towards Brenda.

"No, thank you." Her voice was cool and uncompromising. "I never smoke in office hours and mine are evidently going to continue indefinitely this evening. Of course, Mr. Humbert, I have heard of the way your store puts new executives through a special commando training, but I must admit I never expected mine to start so soon!" Her voice hardened.

"WHY didn't Miss Young tell me I was to be in charge of this sale?" She has given me no chance to prepare for it. I haven't even met the staff. She simply goes off and leaves me and you know as well as I do that a successful sale never happens—it's made to happen—after weeks of hard work. It's not fair..."

Christopher nodded understandingly. It was a bad break for the girl. And it was queer Eve Young handled her this way. It certainly wasn't poker. Mrs. Blair was right about that.

"This puts me in a very difficult position, Mr. Humbert. Brenda continued in a level, impersonal voice. "I have a reputation to maintain. I have to live in this town. For personal reasons I must keep this position if I can. I need it very much. But," she concluded hastily, "I'm sure Miss Young has left everything in perfect working order. I'll get her plans in the morning."

By this time, however, Brenda was obviously trying to make her voice sound casual and not succeeding too well. There was a worried look in her eyes that filled him with concern. As she finished speaking, there was a long pause, a silence that neither of them cared to break.

AFTER all, there was not much that Christopher could say in defense of Eve Young. He knew her too well. At that moment he had a very shrewd suspicion that any plans for this sale she might have made had been carefully put away and locked up by this well-known "sponsor girl" the department had been carrying for the past five years. Christopher knew the technique of that arrangement but he had never approved it and La Young's sales in the past had been just enough to get her by with the ninth floor officials.

It was one of Eve Young's mean little tricks that she had placed her new assistant in a position where her future in the store would depend on the success or failure of this sale. Brenda Blair was of course, the next in command of the fur section, and a successful sale was the only thing the "boys upstairs" would think about. Fair or unfair Eve Young had called the turn and under the circumstances the only way Brenda could hope now to hold her new position was to make this sale a success.

Suddenly Christopher stood up—listening. Those footsteps again! This time receding in the distance. He turned abruptly to Brenda.

She was holding an imaginary telephone conversation with someone—after a few minutes he came back into the office, shaking his head as he slid into a chair near the desk.

"No one was out there," he whispered. "Let's forget the shipment for a few minutes—" He raised his voice to its normal pitch. "Eve Young should have been here today to get you started in your new department. She told you, of course, that she was going to New York."

"NEW YORK!" Brenda exclaimed incredulously, her face showing complete surprise. "Why?" She didn't say anything to me about leaving town. I talked to her last night, when she gave me final instructions about the new position I was to take over this morning.

So that's where she's been all day! Why didn't Miss Sullivan tell me?"

"I wouldn't know—I only work here." He grinned at her. "In case you are interested—she is in New York tonight." Christopher's voice was now distinctly cheerful. "She is going to be married and she isn't coming back until after the fur sale is over. Period."

He was watching her—thinking how hard it was to read those inscrutable grey eyes looking at him beneath dark curling lashes. La Young certainly had one thing to check off to her credit. It wasn't often these hectic days a buyer had the God-given sense to pick such a heart-warming bit of glamour for an assistant. That lovely pink flush was staining her cheeks again. The irritation with the world he had felt since he left the Duchess began to evaporate. Christopher drew his cigarette case from his vest pocket and held it out towards Brenda.

"No, thank you." Her voice was cool and uncompromising. "I never smoke in office hours and mine are evidently going to continue indefinitely this evening. Of course, Mr. Humbert, I have heard of the way your store puts new executives through a special commando training, but I must admit I never expected mine to start so soon!" Her voice hardened.

"WHY didn't Miss Young tell me I was to be in charge of this sale?" She has given me no chance to prepare for it. I haven't even met the staff. She simply goes off and leaves me and you know as well as I do that a successful sale never happens—it's made to happen—after weeks of hard work. It's not fair..."

Christopher nodded understandingly. It was a bad break for the girl. And it was queer Eve Young handled her this way. It certainly wasn't poker. Mrs. Blair was right about that.

"This puts me in a very difficult position, Mr. Humbert. Brenda continued in a level, impersonal voice. "I have a reputation to maintain. I have to live in this town. For personal reasons I must keep this position if I can. I need it very much. But," she concluded hastily, "I'm sure Miss Young has left everything in perfect working order. I'll get her plans in the morning."

By this time, however, Brenda was obviously trying to make her voice sound casual and not succeeding too well. There was a worried look in her eyes that filled him with concern. As she finished speaking, there was a long pause, a silence that neither of them cared to break.

AFTER all, there was not much that Christopher could say in defense of Eve Young. He knew her too well. At that moment he had a very shrewd suspicion that any plans for this sale she might have made had been carefully put away and locked up by this well-known "sponsor girl" the department had been carrying for the past five years. Christopher knew the technique of that arrangement but he had never approved it and La Young's sales in the past had been just enough to get her by with the ninth floor officials.

It was one of Eve Young's mean little tricks that she had placed her new assistant in a position where her future in the store would depend on the success or failure of this sale. Brenda Blair was of course, the next in command of the fur section, and a successful sale was the only thing the "boys upstairs" would think about. Fair or unfair Eve Young had called the turn and under the circumstances the only way Brenda could hope now to hold her new position was to make this sale a success.

Suddenly Christopher stood up—listening. Those footsteps again! This time receding in the distance. He turned abruptly to Brenda.

Len Schulte breaks in with Browns by driving in two runs with double and 360-foot home run as American League champions, edge Cardinals, 3-2, in repeat World Series. Infielder brought in from Toledo is congratulated by Frank Mancuso, Catcher, is Walker Cooper.

McQuinn, Gutteridge Homer As Browns Beat Cards, 10-3, For Third City Series Triumph

By JOE REICHLER
New York, April 12—(P)—It took the St. Louis Browns 43 years to gain their first American League flag, but it may take them only one year to win their second.
The 1944 "Cinderella Boys", who were vanquished by the Cardinals in the world series last fall, have picked up this spring where they left off during the regular season last October, when they copped 11 of the last 12 to nose out the Tigers by one game.
The Browns, with their championship team practically intact, are setting the pace in the exhibition tilts with 10 triumphs against two defeats and, more important, have taken the measure of their home-town rivals in three out of the first four games of their seven-game series.
George McQuinn and Don Gutteridge, who usually wait until June to find their batting eyes, turned on the power yesterday to help the Browns defeat the Cardinals 10-3 in a game halted by rain after six innings. McQuinn hit a double and a home run, his second four-bagger of the series, and Gutteridge got three hits in four times up, also including a homer.
Other developments were:
The New York Giants defeated the Brooklyn Dodgers 9-7 in an 11-inning benefit game for the Red Cross, which brought in \$27,409.70. Phil Weintraub led the Giants at bat with three hits, including a home run, driving in five runs. But for three errors by Shortstop Buddy Kerr, Pitcher Harry Feldman might have won an easy game and become the third Giant hurler to go the route.
The Chicago White Sox-Cubs annual spring series gets under way today with the first of a four-game set at Comiskey Park. Manager Charles Grimm will pitch Henry Wyse and Paul Derringer, while Jimmy Dykes will send Thornton Lee and Johnny Johnson to the mound.
Pittsburgh Pirates—Manager Frankie Frisch expected to be present today when the Bucs open the first of a four-game series with the Cleveland Indians. Fred Ostermuller is slated for Pirate mound duty.
Cleveland Indians—Tribe defeat-

ed Indianapolis 15-3 yesterday as Pat Seery hit his first home run. He also hit a triple and single. Vice President Roger Peckinpaugh gave up hope of making a trade with Detroit involving Outfielder Jeff Heath.
New York Yankees—President Larry McPhail expressed interest in Jeff Heath of the Indians if the outfielder is definitely on the market. Beat their farm hands at Newark 8-2.
Boston Braves—Defeated Red Sox 3-1 in first of a five-game city series. Alva Javery, recovering from a sore arm, limited the Sox to five hits.
Washington Senators—Nationals beaten again by Bainbridge N. T. C. 4-1, as Dick Wakefield, former Tiger star, hit home run and Stan Musial, former Card ace, slugged two doubles for sailors.
Philadelphia Athletics—Russ Christopher limited Toronto to one hit in five innings as A's swamped Leafs 15-1.
Philadelphia Phillies—Outlasted Baltimore Orioles 5-4 in 11 innings at Aberdeen, Md., with more than 2,000 veterans looking on.
Cincinnati Reds—Manager Bill McKechnie took part in intra-squad game which saw regulars defeat the Colts 12-4. McKechnie was permitted five strikes before he singled for the Colts.

Brooklyn and Boston Merge; 10-Game Slate

By FRED HAYDN
New York, April 12—(P)—Each of 10 teams will play 10 games in the 1945 season of the National Football League.
Weary league bosses last night ended a six-day meeting with this announcement, having finally worked out the last problem on the agenda, and pronounced the lengthy conclave a success.
The NFL schedule calls for the season to open Sept. 23 with a single game—Detroit visiting the Chicago Cardinals—and the wind-up slated for Dec. 9.
There is little difference from the 1944 schedule. Most eastern teams meet each other twice and tackle their western opponents once, the western eleven doing likewise. Only the Boston Yankees and Green Bay clash in two inter-sectional contests, on a home and home basis. One night game, on Sept. 25, with Pittsburgh visiting the Boston Yanks, is listed. One game will be played between the New York Giants and the Boston-Brooklyn combine, at Yankee Stadium on Oct. 14.
Earlier decisions were: Limiting the circuit in future to no fewer than 10 or more than 12 clubs; investigation of a move to arrange a permanent schedule plan under which each team would meet every other club each season; appointment of a committee to improve relations with the colleges, AFL source of players, and ruling out the playing of exhibition games with members of new circuits.

Wings Revise Lineup For 3d Toronto Game

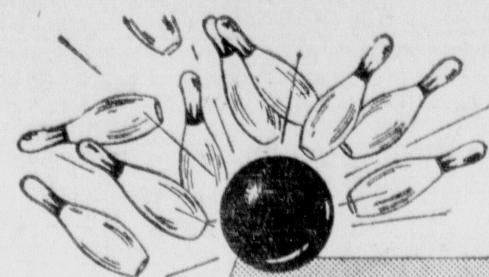

Toronto, April 12—(P)—Having lost the first two games to their Toronto rivals, the Detroit Red Wings hockey sextet will take the ice tonight with a revised lineup in quest of the famed Stanley Cup.
Scoreless in the series to date, the Red Wings will throw a combination of Eddie Bruneteau, Joe Carveth and Clark Liscombe at the Leafs. The line will alternate with one centered by Murray Armstrong, with Mud Bruneteau and Syd Howe on the Wings. Howe, who played center all season, missed the first series game due to injuries. Ted Lindsay, Jim McEee and Steve Wochy make up the third line.
Toronto, holding a 4-0 point lead in the eight-point series, is favored to win again here tonight following the two triumphs on Detroit ice. Officials expect a packed house, declaring "fifty-thousand tickets could have been sold if we had the space."
Coach Hap Day of the Leafs put the team through a light workout yesterday and predicted tonight's game would be a good, tough one. Manager Jack Adams of the Red Wings, still incensed over what he termed "stalling tactics" by the Toronto skaters at Detroit in the first two clashes, promised similar tactics by the Wings on the Leafs' ice.

After ANXIOUS MOMENTS

Behind the Lines

Mister, if you've ever fought a forest fire, you'd never throw away a lighted cigarette butt in the woods, or leave a campfire burning, or do anything which might cause a fire hazard. Yesterday afternoon the call was issued for fire fighters, so off the corner went with a crew of fighters. About four miles above Tidoute, sparks from a train ignited the dry forage and up the hill of man fire went. Forest Fighting, huh? That doesn't sound too bad. Well, for three hours we raked, cut trees, and a dozen other things which were necessary in combating the flames. Some forty men and boys were out there, not just for exercise, but to help prevent that fire from completely destroying that section of the forest. If you're the fellow who leaves a cigarette or cigar butt lying around still lighted, or if you're the guy who leaves the campfire still burning, both of which might start a fire, then mister, you'd better fight a forest fire sometime. The woods don't belong to the state only, they are your forests, and it's part of your duty to protect them. This season of the year is the worst of any for the fire menace, and fighters are always needed. You can sign up for this duty at the Pennsylvania Department of Forest and Waters office on Pennsylvania avenue. Just contact Jay Fees.

The United States Military Academy authorities resent the Giants of the National Football League drafting George Barney poole, who will again play end for Army next fall as a sophomore. Contrary to report, the mammoth Mississippian is in good academic standing. For a cadet to resign his commission snacks of receiving an appointment under false pretenses. Should a number of service school stars resign commissions shortly after graduation, it might cause a flakeback precipitating a congressional investigation.

The change made at Meadville High School brings back to life several disagreements at the school several months ago, which had receded temporarily. You will recall that two of the Meadville faculty members resorted to fist-fighting over a number of controversies. Although the Bulldog basketball team failed to win but a few of

their scheduled games during the past season, their representatives had nothing to be ashamed of. They had a good, fast scrappy bunch of ballplayers, but the coaching revision will cause an added amount of trouble.

Add difficulties of the pro football meeting: While the poppas were sweating it out at New York, Bert (Pittsburgh) Bell's two children came down with the chicken pox. Freddy (Detroit) Mandel's child got mumps, and Bill (Boston) Shea's boy had to have a tonsil operation. A fish fry was Stillwater business men's way of honoring Hank Iba and commemorating the national championship won by the Oklahoma A. & M. basketball team. Christopher Hurls A's To 15-1 Win Over Toronto

Frederick, Md., April 12—(P)—Toronto, in losing, 15-1, to the Philadelphia Athletics yesterday, managed to get only one hit off gangly Russ Christopher in five innings.
Manager Dick Porter of the Wilkes-Barre (Pa.) Eastern League club, also training here, watched Greek George, veteran Toronto catcher, at bat.
"You looked like me swinging against Earl Whitehill," said Porter later.
"Nuts," said George. "Whitehill in his best day never had the stuff that Beane's got."

Joe Buzas, new Yankee shortstop recalled from Newark, was handicapped by a painful throwing wrist as New York club pointed for opening in Washington, April 16. A hard drive forced the bones of the hand back.

Curtis Heads Women's AAU Swim Meet

By JIMMY JORDAN
Chicago, April 12—(P)—They might headline the National Women's Indoor A.A.U. swimming championships here this week merely "Ann Curtis," but there will be about 50 more entrants from all parts of the nation here to challenge the phenomenal San Franciscan.
Miss Curtis, whose sensational record-breaking last year brought her the distinction of being the first woman ever to win the Sullivan Award, will defend her 229 and 440-yard free style crowns. Those two events alone are enough to give the shapely miss the headlines.
However, Hollywood-bound Brenda Helder, of Portland, Ore., 100-yard free-style titlist, and Patricia Sinclair of New York, 100-yard breast stroke champion, will be here to take some of the spotlight from the nation's No. 1 woman swimmer. So will Mrs. Jane Dillard Kittleson of Fort Worth, Tex., outdoor 100-yard breast stroke champion, and a pair of diving stars, Zoe Ann Olsen and Vicki Taylor Manalo, both of Los Angeles.

EAGLES SCHEDULE

Philadelphia, April 12—(P)—The Philadelphia Eagles of the National Professional Football League will open a 10-game schedule Oct. 7 against the Chicago Cardinals at Shibe Park.
Home games announced yesterday by General Manager Harry Thayer are: Cleveland Rams, Oct. 28; New York Giants, Nov. 11; Pittsburgh Steelers, Nov. 18; Washington Redskins, Nov. 25; and Boston Yankees, Dec. 9.
The road schedule: Detroit Lions, Oct. 17; Washington Redskins, Oct. 21; Pittsburgh Steelers, Nov. 4; and New York Giants, Dec. 7.

Meadville Student Stage Demonstrates On Mentor's Remo

Meadville, April 12—(P)—A mass meeting of the student body of Meadville High School was to be held today following a demonstration staged by between 300 and 400 students yesterday protesting an announced change in their basketball coach.
The athletic committee announced a change in their basketball coach.
The athletic committee announced that Preston Ditty, athletic instructor, would replace Harry Denison as basketball coach.
After parading through the downtown district carrying placards and banners, the group would in front of the high school. They dispersed after a promise the school director would be asked to attend the meeting today.

Swimming Is Vital--Kiefer

New York, April 12—(P)—In the opinion of Ensign Adolph Kiefer, ace of the Bainbridge Naval Training Center aquatic squad, swimming is the most vital part of a naval trainee's general program.
The great back-stroke champion, who holds a half dozen world records and 28 United States titles, even says "swimming is the most important activity in the navy today."
Kiefer, swimming officer of the Bainbridge physical instructors' school—which he advises is the only one the navy has in the country—added:
"I teach the trainees swimming on the most modern and scientific scale. We select for instructions men over 21 years of age with educational and athletic background."
Adolph coaches Bainbridge's powerful swimming team, which last week got 48 hours leave and splashed over all opposition in the National AAU swim championships at the New York A. C., thanks largely to 185-pound Kiefer himself.

BASEBALL MOVIES

Sportsmen are reminded that they can obtain "Inside Baseball," a film dealing with the training of baseball stars. The film may be had at E. D. Everts Hardware store, and is available on April 25, 26 and 27.

Combat Casualties

Now Total 899,390

Washington, April 12—(A)—American combat casualties since Pearl Harbor have now reached 899,390.

Secretary of War Stimson today reported army casualties of 802,655 while the navy set its losses at 96,705.

The increase over last week's figure, 6,481, was one of the smallest weekly rises in months.

Stimson said the army figures reflected casualties reported through March 31 and covered operations on the war fronts through the middle of March.

Two Airfields Near Leipzig Are Attacked

(From Page One)

74 planes destroyed and 18 others damaged.

Allied planes raked Berlin with bombs again during the night, dealt punishing blows to German shipping and pressed their methodical program of reducing the enemy's aerial defenses.

Three times RAF Mosquitos visited the beleaguered German capital and unloaded 2,000-pound blockbusters, running up the total there to six raids in two nights and 56 in the last 49 days.

Five German merchant vessels were set afire yesterday by Beaufighters and Mosquitos of the RAF Coastal Command, continuing their stepped up attacks on enemy shipping off Norway.

RAF Typhoons combing Holland blew up what they believed to be a big flying bomb supply.

Labor Board Confers On Miners' Pact

(From Page One)

L. Lewis, UMW chieftain, and Charles O'Neill, spokesman for the operators, also will be on hand.

The WLB meeting was designed to give the board all details on the wage adjustments involved so a decision can be reached on whether the new contract terms may be approved within the framework of wartime stabilization policies.

Both sides told OPA the operators would need higher ceilings to offset the \$1.07 daily pay boost granted the miners under the contract finally agreed upon late yesterday after six weeks of negotiations.

The War Labor Board figuratively gulped as it took the pact because the main pay adjustment is no ordinary "fringe."

BULLETINS

(From Page One)

Officers and men of the Japanese fleet have been called on by their commander to act as a "suicide corps." Tokyo radio reported today.

Washington, April 12—(A)—A spokesman for livestock producers told senate food investigators today that an increase of \$1 a hundred pounds in cattle prices would get the country the beef it wants.

Mill Race Now Dirtiest Ever In Its History

Complaints are pouring in relative to the condition of the mill race at the bridge across it on Pennsylvania avenue. The boom at the entrance of the mill race was torn loose by ice and high water and is not halting the rubbish that comes floating down the stream. It is poured into the race and at the present time a filthy accumulation is lodged near the avenue bridge.

There is a motley collection of garbage, sewage, grass cuttings, etc., that makes anything but a slightly appearance and a few days of warm weather will also cause the accumulation to give forth a stench that will rise to high Heaven.

It is to be hoped that the boom can be adjusted and the flow of filth into the mill race stopped. A broken sewer at the foot of Liberty street is pouring much contamination into the mill pond and this load of stuff floating down stream only aggravates the condition. Residents along the race are hopeful that something will be done about it and that right quickly.

Hotel Porter Drove Wrong Car to Garage

One of those things that seldom happen took place last evening in this city when it was discovered that the keys to two cars were identical and could be used in two Chevrolet machines with no trouble. It all came about when George Campen, of Cleveland, Ohio, drove up to the Carver House at 5:45 and parked his car in front of the hotel.

While he was in the hotel another guest drove up and after unloading his car gave the hotel porter the keys with which to drive his car to a garage. It was also a Chevrolet. Later after dinner Campen started out to drive home and discovered his car was gone.

A report was made to police that his car had been stolen and an investigation was started. Then it was discovered that the car supposedly sent to the garage was still in front of the hotel. Further investigation showed the Campen car safely in the garage the keys given to the porter having fitted that car so that he could drive it away.

All was soon adjusted but as the police report says on the docket at the stationhouse "it was a peculiar coincidence".

Air Medal Is Awarded Lt. Charles Knupp

(From Page Five)
School in 1940, Lt. Knupp entered the Air Corps on February 5, 1943. He was commissioned on May 23, 1944, and was last stationed in this country at Topeka, Kans.

His wife, Eleanor K. Knupp, resides at 113 Pioneer street.

2nd Lt. James R. Mullhaupt has returned to Lincoln, Neb., after a short leave spent at his home, 15 Glenwood street.

BEHIND THE LINES

(From Page Nine)
ed to play ball in the streets and get chased by the cops. He ran so fast getting away that he developed a neighborhood reputation as a sprinter, which led to an invitation to join the Jefferson Boys' Club. The club had boxing gloves and when Vic tried them he forgot all about running and set out to become a boxer. The point of the story is to Markon is that Delliourt fights Jake La-Motto at St. Nick's tonight. The Major leaguers will add a gold pass man to this year's list. Such passes are awarded when a player completes twenty years of service in either or both circuits. The 23rd man to be so honored is Mel Ott, manager of the New York Giants.

they knew the nose gunner was unable to leave his turret except to bail out, due to the shattering damage caused by flak hits, they didn't realize the gunner was imprisoned in the tiny turret without his parachute. So once again Sgt. Gibbons came to the rescue.

This time, after a number of failures, he managed to hook a parachute on an engine crank and maneuver it into a flak hole where the gunner could get at it.

Finally Sgt. Gray and the others bailed out over Southampton where they landed safely. Only the pilot was injured to the extent where hospitalization was necessary.

The local gunner, currently stationed at the Air Forces Redistribution Station at Santa Ana, Calif., is the son of Mr. and Mrs. Paul B. Gray, 4 Biddle street. He recently completed 30 combat missions and will now be assigned to a domestic station.

Local Gunner Has a Thrilling Experience On Aerial Mission

(Special correspondence to The Times-Mirror)

Santa Ana, Calif., April 12—This is the story of the "Roaring Toilet," a tired, flak-ridden 8th Air Force Liberator that didn't quite make it home on its last mission, but nevertheless managed to stay in the air long enough for the majority of the crew to bail out and reach safety.

As related by Staff Sergeant Richard L. Gray, 22, of Warren, Pa., the story begins one afternoon over Nazi-held France shortly after the D-Day invasion.

"We had just finished our bombing run on an enemy airfield," Sgt. Gray said, "when the Jerries be-

gan laying the flak right in our lap. In just a few seconds the ship was wobbling like a tired race horse. Our bombardier was instantly killed by the initial burst—the pilot was seriously hit in both legs with flak splinters—and our controls and communications were demolished."

Sgt. Gray said the "Roaring Toilet" was lurching along so badly that several members of the crew bailed out over the Nazi lines and were taken prisoner. One of these, the co-pilot, was found by advancing American troops a few months ago, in an abandoned German field hospital. Shortly before his rescue Nazi doctors had amputated his

left leg. Another, a tail gunner, is still a prisoner of war in Germany. However, the third member of this group, the navigator, fared better, and upon bailing out he eluded the Nazis and joined up with the French underground where he remained until France was liberated.

Meanwhile, the remaining crew members had decided to stay with the battered bomber a while longer and try to make it home.

"Only the cool headedness of our engineer, Sgt. Al Gibbons, of Salt Lake City, Utah, enabled us to get back over England," Gray said. When I lifted the wounded pilot from behind the controls, Gibbons slipped into his seat and guided the "Roaring Toilet" across the channel and over English soil. But even then it became impossible to land the ship and we were forced to "hit the silk."

Herewith another serious problem presented itself. Although
